Policy Title: Graduate Faculty Appointment

Policy: *The Graduate School policy on Graduate Faculty Criteria and Appointment Process* contains the policies and regulations of the Alcorn State University Office of Graduate Studies. This policy has been established by the Graduate Council to ensure consistent standards across Graduate programs.

THE GRADUATE FACULTY SHALL BE CONSTITUTED ACCORDING TO THE FOLLOWING CRITERIA:

The policies and procedures for credentialing graduate faculty have been established to provide continuity in adhering to appropriate professional standards for graduate faculty appointment, and to provide for routine monitoring of these standards by the Office of Graduate Studies and Graduate Council.

This document presents appropriate professional standards and guidelines to be used by Department Chairpersons in nominating members to the Graduate Faculty of Alcorn State University. It is also a tool to be used by the Office of Graduate Studies and Graduate Council to monitor implementation of these standards.

The purpose of graduate faculty criteria and credentialing is to ensure that graduate programs are supervised by faculty who are active in their own research/scholarship/creative activity. The faculty who teach graduate-level courses, advise graduate students, serve on thesis or research project committees, or otherwise participate in graduate education at Alcorn State University must be members of the graduate faculty. Graduate faculty appointment is open to persons who meet the appointment qualifications specified in this document. Once approved, graduate faculty status must be renewed every five or three years for full-time members and every year for members with Adjunct status.

The Dean of Graduate Studies/Graduate Studies Administrator will review nominations for appointment and submit names with attached documentation to the Graduate Council for approval.

All graduate faculty appointments are recommended by the department head, affirmed by the Dean of Graduate Studies/Graduate Studies Administrator and approved by the Graduate Council.

Graduate Faculty Eligibility

Faculty are eligible to apply for membership if the following criteria are met:

- Hold a regular Faculty Appointment (tenure or tenure-track) at Alcorn State University with the rank of Assistant Professor or higher and;
- Possess a terminal degree(Ph.D.) appropriate to the academic unit, or equivalent qualifications; and

- Show evidence of continued research, publication, or work relevant to one's field, as recognized by colleagues inside and outside the university, and;
- Meet criteria for one of the three types of appointments: Full Member, Associate, Professional Affiliate.

Types of Appointments

Full Member

To hold and maintain a full member appointment, a faculty member must show evidence of ongoing professional activity. This evidence consists of one or more of the following activities:

- holds a terminal degree appropriate to the discipline
- must hold the title appointment of Full Professor or Associate Professor
- participate in or, upon certification of the Department Chair, will participate in graduate level instruction and advising

- serve as principal advisor for a thesis committee
- engage in other appropriate scholarly and/or creative activities

Associate Member

All faculty who hold an appointment at the rank of assistant professor or above are eligible to apply to be Associate Members of the graduate faculty. However, in the event that there is no full member of the graduate faculty in a given department, then an associate member may be eligible for consideration. Associate members are appointed for a specific term and are evaluated during their promotion, tenure, and/or post-tenure reviews by the department chair and dean of the academic unit.

Criteria for Selection (must meet all criteria).

- newly appointed tenure track assistant Professor with 50% of teaching assignment in graduate credit
- hold at least a 50% appointment in an academic unit or department and teach graduate courses
- serve on a thesis committee but not as the principal advisor
- possess a record of research/scholarship/creative activities; however, consideration will be given to faculty who have recently earned their terminal degree (Ph.D.)

Professional Affiliate

On occasion it may be important to have someone who does not meet all criteria for Full Member or Associate Member credentialing to teach a specific graduate course or serve on a specific graduate committee. Such individuals may be given the status of Professional Affiliate which is a limited appointment for a specific committee appointment or graduate level course. A Professional Affiliate would typically be a lecturer, or adjunct faculty member. The criteria applied to Professional Affiliate is as follows:

- individual does not have appointment in an academic unit or program at Alcorn State University
- visiting scholar and or artist in residence
- must be nominated by the Department Chair for a specified period

The Nomination Process

Nominations to the graduate faculty begin at the academic unit level. Academic department chairs initiate the nomination process and must provide a detailed justification for each candidate, which must be endorsed by the respective unit dean. The criteria for the type of appointment should be strictly adhered to in recommending a faculty member or advising a faculty member interested in becoming a graduate faculty member. The level of scholarship, research and quality of the applicant's accomplishments activity should be the primary considerations for appointment to the Graduate Faculty. Each discipline or academic unit has the responsibility to provide the Graduate Council with an assessment of how each applicant fulfills the specific criteria for becoming a graduate faculty member.

Only tenured or tenure-track faculty members with the appropriate terminal degree at the assistant professor level or above are eligible for regular appointment. Additionally, regular members may be nominated to the Graduate Council.

Permission for Non-Graduate Faculty to Teach Graduate Courses at Alcorn State

In special cases, the Graduate School gives individuals who are not members of the Graduate Faculty at Alcorn State permission to teach graduate courses. The Department Chair or Academic Unit Dean submits these requests to the Assistant Vice President for Academic Program Support and Graduate Studies. The Request for Non-Graduate Faculty to Teach Graduate Courses must include the proposed instructor's curriculum vitae. Approval by the Assistant Vice President for Academic Affairs and Graduate Studies is based on the proposed instructor's credentials being at least equivalent to those of members of the graduate faculty who ordinarily teach the course. The request should be submitted to the Assistant Vice President for Academic Program Support and Graduate Studies at least 30 working days prior to the first day of the first term involved.

Length of Membership Appointment

Appointment of new members to graduate faculty is for an initial period of either five or three years. At the end of the five or three years, the member must be re-nominated and reviewed again. The qualifications of continuing graduate faculty members will be reviewed every five (5) or three (3) years. The intent here is to review the faculty member's recent scholarly productivity, going back as far as five (5) years in the case of more senior faculty and three (3) years in the case of less experienced faculty. A graduate faculty member who is being considered for continued appointment is expected to show evidence of ongoing creative activity since the last review.

Responsibilities and Privileges of Graduate Faculty

Members of graduate faculty, as indicated in the Graduate Studies Policy and Procedures Manual, can chair a graduate committee, direct master's thesis, teach 500-level and above courses, serve as representatives of the Dean of Graduate Studies, serve on educational specialists' exams.
