HISTORICAL SKETCH

Alcorn State University, the oldest historically black land-grant college in the United States, had its beginning in 1830 as Oakland College for the education of white male students. The Presbyterian school closed its doors at the beginning of the Civil War so that its students might answer the call to arms, and upon failing to reopen after the war, the college was purchased by the State of Mississippi and renamed Alcorn University in 1871 in honor of the late James L. Alcorn, who was then governor of the state.

Hiram R. Revels, the first black elected to the United States Senate, resigned his seat and became Alcorn's first president. Another distinguished American who was outstanding in the history of Alcorn was Major John R. Lynch, then speaker of the Mississippi House of Representatives, who signed the bill for the establishment and creation of Alcorn University.

In 1862, Congress passed an act known as the “Morrill Land-Grant Act,” whereby the national government gave to each state in the Union public land script equal to 30,000 acres for each senator and representative in Congress for the “endowment, support and maintenance of at least one college whose leading object shall be, without excluding other scientific and classical studies and including military tactics, to teach such branches of learning as are related to agriculture and mechanical arts. . . in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life.”

The Alcorn Ode

*Beneath the shade of giant trees,
Fanned by a balmy southern breeze
Thy classic walls have dared to stand
A giant thou art in learning's band;
O, Alcorn dear, our mother, hear
Thy name, we praise, thy name we sing.*

*Thy name thy sons have honored far;
A crown of gems thy daughters are;
When country called her flag to bear,
The Gold and Purple answered, “Here”
O, Alcorn dear, our mother, hear
Thy name, we praise, thy name we sing.*

Far as our race thy clan shall need—

*So far to progress thou shalt lead
Thy sons with clashing arms of trade;
In useful arts full garbed thy maids;
O, Alcorn dear, we proudly bear
Thy standard on to victory.*

—Mrs. J. S. Himes

FERPA LAWS (CONFIDENTIALITY)

The Family Educational Rights and Privacy Act (FERPA) OF 1974 afford students certain rights with respect to their educational records. They are as follows:

1. The right to inspect and review the student's educational records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s)

they wish to inspect. The University official will make arrangements of access and notify the students of the time and place where the records may be inspected. If records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes to be inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write to the University official responsible for the record, clearly identify the part of record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his/her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility. Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

[NOTE: *FERPA requires an institution to make a responsible attempt to notify the student of the records request unless the institution states in its annual notification that it intends to forward records on request.*]

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Alcorn State University to comply with the requirements of FERPA should be forwarded to: *Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue, SW Washington, DC 20202-4605.*

ALCORN STATE UNIVERSITY'S COMPLIANCE WITH FERPA

Under the "Family Educational Rights and Privacy Act of 1974" University students have the right to inspect and review any and all records, files, and data directly related to them. The University will not ordinarily release a student's records to any outside agency without the written consent of the student. Alcorn State University may release "directory information" on students to any interested member of the public unless the student requests in writing that it be withheld. "Directory information" is defined as follows: student's name, address, telephone number, date and place of birth, major, dates of attendance, classification, degree(s) earned, previous

educational institutions attended, current class schedule, and class rank. Requests should be made in writing. If you wish the University to withhold your name from the directory and to withhold "directory information" from release to the general public, complete the Privacy Form in the Office of the Registrar.

[NOTE: *The release of information is a very controlled procedure. Unless the student has experienced particular problems, it is not recommended that his/her directory information be withheld. Completion of this form eliminates a student from any publication concerning student enrollment.*]

CLASSIFICATION OF STUDENTS

Freshmen	All students who have 29 or fewer earned semester hours.
Sophomores	Students who have from 30 to 59 earned semester hours of passing work and a cumulative grade average of 2.0.
Juniors	Students who have from 60 to 89 semester hours of passing work and a cumulative grade point average of 2.0.
Seniors	Students who have 90 or more earned semester hours of passing work and a cumulative point average of 2.0

STUDENT LOAD

The average normal load carried by a student is determined by the school in which he registered and his scholarship. The minimum amount of work for which a full-time student may register is 12 semester hours, unless he is a senior and needs less than 12 hours to complete requirements for his degree. Students in any school may be required to take fewer semester hours than the average if such is warranted by their scholastic standing. *The maximum load at any time is 19 semester hours.* Only students with a cumulative grade point average of 3.00 or more can take 19 semester hours, unless 19 is the normal load for the student.

GRADING SYSTEM

Credits are expressed in terms of semester hours with alphabetical grades and numerical grade points to indicate the quality of the work. These grades cover the work of the entire semester and are based upon the average of daily work, final examination and other written work. Characterization of letter grades by plus and minus signs is not authorized.

GRADES	12	GRADE POINTS
A	Excellent	4 grade points per semester hour
B	Good	3 grade points per semester hour
C	Average	2 grade points per semester hour
D	Poor but passing	1 grade point per semester hour
F	Failure	0 grade point per semester hour
I	Incomplete	Unfinished work
P	Pass	Semester hours are awarded but no quality points are given
T	Thesis	Coursework to be continued (nursing only)
WP	Withdrawal while passing	If the student is passing when the withdrawal occurs, such action will not affect his/her grade point average.

WF	Withdrawal while failing	If the student is failing the same semester hours involved will be considered his/her grade point average, i.e., will cause the grade point average to be lowered.
AW	Administrative Withdrawal	Student removed from classes for administrative reasons

The term “*Incomplete*” is used when a student is absent from examination because of sickness, death in the family, or for other justifiable reasons. Otherwise, the instructor is required to assign for each student a definite grade based upon the work actually accomplished, irrespective of the circumstances that may have contributed to the results achieved. A student whose work has been marked “*Incomplete*” must remove the mark within 60 days after the beginning date of the student’s next enrollment in residence. An incomplete grade must be removed within 13 months after the grade is recorded even if the student fails to enroll. If the “*Incomplete*” is not removed within this period, the student will receive a grade of “F”. A grade other than an incomplete may be changed only if there is an error of calculation or recording as verified by the official roll book. The department chairperson, school dean, and the Vice President for Academic Affairs must approve all changes of grades.

A student who makes grades as follows will receive the grade-points indicated below. The grade point average is 2.89—the quotient of 55 divided by 19—which represents an over-all average above “C.”

COURSE	GRADE	HOURS	POINTS
English	C	3	6
History	B	3	9
Health	A	3	12
Education	D	2	2
Biology	B	4	12
Mathematics	A	3	12
Physical Education	C	1	2
TOTAL		19	55

GRADE POINT AVERAGE

A minimum grade point average of at least 2.0 (“C”) is required in one’s major field, as well as in all courses taken at the University or transferred for graduation (combined overall GPA).

RESIDENCE REQUIREMENTS

1. At least thirty-one (31) semester hours must be taken in full-time residence at this institution in senior level courses and within two semesters prior to the student’s graduation. Exceptions are made for students taking pre-professional courses of study for three years; degrees are then granted upon successful completion of one year of professional study.
2. Thirty-one (31) semester hours taken in thirty (30) weeks of summer school within a seven-year (7) period satisfies the residence requirement as stated above.
3. At least twenty (20) semester hours of the residence requirement must be taken in the student’s major field.

CLASS ATTENDANCE REGULATIONS

Regular and punctual class attendance is required of all students enrolled at Alcorn State University. Class attendance regulations apply to all types of classes (e.g., lecture, laboratory, or practicum) as well as to all modes of instruction (e.g., face-to-face or online). Instructors record absences as they occur. Instructors and departments may set individual policies that operate within the parameters set by the University. Instructors will clearly delineate individual policies in course syllabi distributed to each student during the first week of class. Students must present official documentation for an excuse to the instructor, who will make the decision on the classification and acceptability of the excuse. Disagreements as to acceptable excuses are adjudicated by the Dean of the School.

75% Minimum

No matter how justifiable the circumstances for class absences, students must attend a minimum of 75% of the meetings for a given course in order to be eligible to receive a passing grade. If a student accumulates absences in a course in excess of 25% of the scheduled class meetings for a semester or summer session and does not officially withdraw from the course, he/she receives the grade of "F" in that course unless the circumstances are deemed extenuating by the Provost. Except for absences incurred while representing the University in a required University event (see below), excused absences are counted as absences when computing the 75% minimum.

Excused Absences

Absences documented by official sources (i.e. medical or death of family member) are excused. Excused absences are counted as absences when computing the 75% minimum. An excused absence allows the student to make up the work and receive a grade for that work if the work is completed within two weeks after the absence. The student is responsible for obtaining assignments, scheduling make-up work, and submitting assignments to the instructor within the two week period after the absences. Periods of absence in excess of one week must be approved and excused by the Office of the Provost.

Unexcused Absences

Students are allowed one hour of unexcused absence for each semester hour of a course. Instructors may, at their discretion, set class policies that lower grades for unexcused absences incurred above the number of unexcused absences allowed.

Excessive Absences

Instructors should report student absences on Banner Online Attendance. The University reserves the right to withdraw a student who has missed more than 25% of the scheduled class meetings, and instructors are encouraged to submit names of students with excessive absences to the Office of Academic Affairs. Whenever students miss classes, they should work directly with their instructors to make up work. Students are not relieved of responsibilities to meet all course requirements and complete all class assignments. Students who do not attend within the first two weeks of class are reported to the Office of Academic Affairs for financial aid reporting. See Non-Attendance No Show Purged Form section below.

Late Registration and Financial Aid

Students should begin attending class on the first day of the semester whether or not registration is complete. Once the Office of the Registrar completes registration and declares the rolls finalized, no student whose name is not on the official roll will be allowed in class.

Non-Attendance No Show Purged Form

Students who complete the registration process are required to attend class before receiving Federal Student Aid. Those not attending class before the deadline will be deleted from the rolls as a *No-Show* for non-attendance. To be reinstated on the roll, the student must attend class and present to the instructor the *Non-Attendance Form* for the instructor's verification of attendance. Students should print out one *Non-Attendance Form* for each class of non-attendance. Students must then submit the signed form to the Office of Academic Affairs. Applicable forms, further instructions, and information about deadlines are available at the Financial Aid Forms webpage.

Tardiness

Instructors may, at their discretion, set policies that consider students absent when they arrive very late to or depart very early from class. All such policies must be approved by the chairperson of the department and maintained on record in the department.

ACADEMIC STANDARDS

1. **GRADE POINT AVERAGE** - A minimum grade point average of at least 2.0 (“c”) is required in one’s major field and by the University for graduation.
2. **INCREMENTAL PROGRESS** - In addition to meeting grade requirements, students must make normal progress toward their degree objective. Undergraduate students must average passing 67% of the hours they attempt at Alcorn State University. Acceptable grades are A, B, C & D. Grades of I, F, Audit and W will not be accepted as passing grades. If the student does not meet the incremental progress standard during the probation term, financial aid will be terminated. However the student has the right to appeal (see the process for appealing in this handbook under Satisfactory Academic Progress Standards).
3. **ACADEMIC PROBATION/SUSPENSION** - Students who attend Alcorn State University must meet the following conditions:
 - a. Grades - An undergraduate student must maintain a 2.0 (“C”) grade point average.
 - b. Any student whose grade point average falls below the scale above will be placed on academic probation.
 - c. A student who is placed on academic probation will be required to carry a reduced load of academic and extracurricular activities.
 - d. He is also expected to earn a 2.0 average or above each semester during the probationary period. If a student fails to earn a “C” or a 2.0 average during the probationary period, he will be suspended for one regular semester. A student who has been academically suspended at the end of the spring semester may remove that suspension by making at least a 2.0 average in at least 12 hours of course work at Alcorn State University during summer sessions. However, the student is not eligible for federal funds because of the suspension status.
 - e. A student having one suspension as a result of academic failure who warrants a second suspension is suspended for one calendar year unless circumstances warrant earlier readmission.
 - f. All applications for re-admission should be filed with the Director of Admissions. The University Admissions Committee determines all re-admissions. Re-admissions after academic suspension are determined on an individual basis.

SCHOLASTIC HONORS

PRESIDENT’S SCHOLARS - President Scholars are those students who earn a grade-point average of 4.00 for any given semester in which they carry at least 12 semester hours of academic work. These students are given special recognition, annually, by the president of the University.

DEAN’S LIST - The Dean’s list is composed of those students who have earned a grade point average of 3.50 or better for a semester’s work consisting of not less than 12 semester hours.

WITHDRAWAL PROCESS

A student who desires to withdraw from the University during the semester or summer sessions must secure a *Notification of Total Withdrawal* form from the Office of Counseling and Testing.

Withdrawing from the University means a student is no longer enrolled in any courses for the remainder of the term. If a student withdraws prior to the deadline for dropping classes, grades will not be posted and the student's record will indicate the date of withdrawal only. However, if a student withdraws after the deadline for dropping classes, instructors will assign a "WP" (withdrawal while passing) or "WF" (withdrawal while failing).

Students must also process the appropriate *Statement of Clearance* issued by the Office of the Vice President for Student Affairs. Failure to comply with this regulation will result in the recording of failing grades in all courses for which the student is registered and may lose any refund of fees.

REQUIREMENTS FOR A BACHELOR'S DEGREE

1. Generally, candidates for the bachelor's degree must earn one hundred twenty-four credits in the various curricula, unless otherwise recommended by the department head and school dean, and approved by the Vice-President for Academic Affairs. One hundred twenty-two semester hours are required as a very minimum for graduation in any field.
2. Credits may be acquired by extension, correspondence, and examination, but such credits are not to exceed one-fourth of the requirements for graduation. Such credits are further governed by the following regulations:
 - a. Credits by correspondence are limited to 15 semester hours, acquired at the rate of three credits per semester while engaged in full-time employment, and six credits per semester otherwise. A student may not acquire correspondence credits while in residence.
 - b. Credits by examination are limited to 15 semester hours of credit.

GRADUATION REQUIREMENTS

1. **DEPARTMENTAL EXAMINATION OR WRITTEN SENIOR PROJECT** - All perspective candidates for graduation must either pass a departmental examination or complete a written project in their major field. UNIVERSITY LIBRARY

The University library serves as the cornerstone of education at Alcorn State University. It

provides services and resources essential to the instructional, research, and public service needs of the University. Renovated and expanded in 2000, the J. D. Boyd Library is a state-of-the-art facility designed to accommodate 1000 users and hold 500,000 volumes. It contains a thirty-station computer laboratory, a media center with a video classroom, group study rooms, an archival and special collections room and a 140 seat auditorium. Reading and study areas wired for computer access are available on the first and second floors. Administrative offices, as well as circulation, reference, serials, government documents, the computer lab, microform area, and technical services facilities are located on the main level. This expansive open area provides easy access to all major reference services. The media center, video classroom, archives, and special collections are located on the second floor. The ground floor contains the shipping and receiving area, storage rooms, computer office, a faculty/staff professional development center, and a staff lounge. Carrels, tables, and informal seating are interspersed throughout the spacious facility to provide an atmosphere conducive to the learning process.

Books, except for the reserve, African American, and archival collections, are readily accessible on open stacks. Journal back files and government documents are housed in compact shelving. Point of use instruction is available as well as specialized library tours and orientation sessions. Bibliographic instruction classes are conducted each semester as a part of the University life courses. These sessions are held in the Medgar Wiley Evers library auditorium. Microform reading and printing machines, and photographic copying services are also available on the main floor.

The library has in its holdings 366,116 print volumes in the circulating and reference collections (including 62,425 micrographic volumes), and maintains a print subscription list of over 300 periodicals including scholarly journals and general interest magazines. The Library's print collection is supplemented by online services to over 60 databases, 34,585 electronic journals (including over 21,000 full-text), three Net library electronic book collections totaling over 45,000 titles, internet access, and CD-Rom resources. A complete listing of library services can be found on the library web page at <http://www.alcorn.edu/>.

The library utilizes "Voyager," by Exlibris, as its online information management system. Voyager is one of the leading systems of choice for information management in today's libraries. It provides flexibility and functionality. Voyager is an integrated information management system for academic and research libraries operating on a UNIX server platform, incorporating client/server architecture, and graphical user interface (GUI) operating under Microsoft Windows.

Modules currently operable on the new Voyager system include circulation, the online public access catalog, cataloging, acquisitions, serials, reserves, media booking, and system administration.

Improving library services for the students, faculty, and staff of Alcorn State University is of utmost concern and the number one priority for the University library. Therefore, the library also engages in cooperative relationships with other libraries and agencies in order to increase

the proficiency of library resources and services, to support distance learning, and to better serve the entire surrounding University community.

THE STUDENT COMMUNITY

ORIENTATION

Alcorn State University’s orientation is designed to help acclimate first-time and transfer students to the campus for engagement in various academic and social activities. This is a time where new students will meet and bond with their peers and develop new relationships, dialogue with academic advisors, and ultimately be introduced to a community that is filled with rich traditions coupled with academic and extra-curricular opportunities. Upper class students who serve as ambassadors will share their enriching experiences from both an academic and personal perspective. Faculty and staff will provide information and assistance that promote academic success, personal development, and exposure to the diverse student services available. Orientation attendance is mandatory and the fee of \$100 will be charged directly to the student’s account even if the student does not attend.

During the week of orientation, new students will vote using paper ballots identifying the candidates vying for Miss Freshman and Freshman Class President. The victors will be determined by a majority vote.

COMMUNITY SERVICE

Students are encouraged to perform volunteer community service for the purpose of promoting civic engagement and leadership opportunities. The services may be rendered on campus via an office or academic program under the supervision of a staff or faculty member. Students volunteer as Peer Educators, Student Ambassadors, and Orientation Guides. Various organizations on campus conduct community service activities with the public schools in the surrounding communities. Many of the fraternities and sororities require students to have a specified number of community service hours prior to submitting an application for membership intake.

STATEMENT OF NON DISCRIMINATION

Students have the right to be free from all forms of discrimination. Alcorn State University complies with all laws regarding affirmative action and equal opportunity in all its educational programs, activities, admissions or employment practices and does not discriminate against anyone on the basis of age, creed, color, national or ethnic origin, race, religion, gender, disability, sexual orientation or veteran status.

CONTACTING STUDENTS IN AN EMERGENCY

If there is an emergency and a student must be contacted while he or she is in class, the parent or guardian will call the Office of Student Affairs at 601-877-6380. The Vice President for Student Affairs or a designee will obtain a copy of the student's class schedule and deliver a message as soon as possible. In the evenings or on weekends, if the parent or guardian is unable to reach the student at his or her residence, the Campus Police will be contacted at 601-877-3000 and requested to assist in locating the student.

STUDENT AID PROGRAMS

The primary purposes of the financial aid programs at Alcorn State University are to provide financial assistance to students who need aid to attend the University and to recognize outstanding academic and personal achievement by students attending Alcorn State University. Every effort is made to assist students who desire an education but who do not have sufficient resources to attend the University.

Four basic types of aid are available: scholarships, grants, loans, and employment. They are derived from federal, state, private and institutional funded programs. When students apply for federal student aid, the information reported is used in a formula that calculates the Expected Family Contribution (EFC), an amount the student and his/her family are expected to contribute toward the student's education.

Students may apply by completing the Free Application for Federal Student Aid (FAFSA) or renewal application on the web at www.fafsa.ed.gov. Students and parents of dependent students can sign the FAFSA electronically by applying for a PIN at www.pin.ed.gov. In addition to this stipulation, each applicant must complete an Alcorn State University (ASU) Financial Aid Application (a Summer Financial Aid Application must be completed if you are applying for Summer School). If selected for verification - tax information, verification of non-taxable income, and a verification worksheet must be submitted to the financial aid office. Financial Aid Forms can be downloaded at www.alcorn.edu.

1. PREFERRED DATES FOR SUBMITTING APPLICATIONS FOR FINANCIAL AID

The priority deadline date for submitting applications (ASU application and FAFSA) for financial aid is March 15th. If selected for verification, additional information must be submitted to the financial aid office before finalizing your award. The financial aid application will not be considered as an application for admission. A student must file an application for admission online at www.alcorn.edu and be accepted by the University.

Applying For Financial Assistance

- a. Complete the free application for federal student aid (FAFSA). Remember to add the school code (002396) so that the Financial Aid Office will receive the information electronically. The FAFSA application will be processed within 1 to 2 weeks and the student will receive a student aid report (SAR). Review this information carefully. A valid SAR will have an expected family contribution (EFC) number (example EFC: 00000). Students may apply via the internet at www.fafsa.ed.gov.

The student's pin can be used each year to electronically apply for federal student aid and to access their U.S. department of education records online. To request a pin, go to www.pin.ed.gov. Complete a financial aid application (FAA) for Alcorn State University. A complete financial aid file will consist of the ASU financial aid application and the electronic SAR, unless the SAR is selected for verification. If the SAR is selected for verification, the student and/or the parents will have to submit a Tax Return Transcript for the past year. To retrieve a Tax Return Transcript, please contact the Internal Revenue Service (IRS) at 1.800.908.9946 or at www.irs.gov. Copies of 1040 Tax Returns will not be accepted, only Tax Return Transcripts from IRS. There is no charge for a Tax Return Transcript.

If the student and/or the parents did not file taxes, he/she and/or the parents must submit proof of all nontaxable income for the past year (example: child support, social security, etc.) A Verification Worksheet (VWS) will also have to be completed and signed. Forms are available at www.alcorn.edu.

- b. The student will receive an award letter identifying the type and amount of financial aid offered. **Student loans** are packaged with financial aid awards, but may be cancelled by declining the loan online. Parent PLUS loan applications must be completed by the parent listed on the FAFSA. Parents may apply for the Parent PLUS loans online at www.studentloans.gov. Deadlines for loan requests mirror the published registration deadline date for the term. Additional student and parent loan requests will not be honored after the published registration deadline date has passed (exceptions granted only by the Director of Financial Aid). The Financial Aid Office reserves the right to deny a loan application request.

Students who receive loans must satisfy the following requirements:

1. Enrollment and confirmed class attendance in at least 6 hours per semester
2. Signed promissory note (student loan and/or parent loan)
3. Complete entrance counseling (student loan)

Banner Online Services (www.alcorn.edu) can be utilized to review financial aid award.

Satisfactory Academic Progression (SAP) Policy

Federal regulations require that all student financial aid recipients progress at a reasonable rate or "make satisfactory progress" toward achieving a degree. The standard applies to all terms regardless of whether or not the student received financial aid. The student's cumulative grade point average and credits earned in relations to those attempted and the length of the academic program measure academic progress. SAP evaluation for undergraduate and graduate students occurs at the conclusion of each term, which is at the end of the fall semester, spring semester, and summer terms.

Undergraduate and graduate students who receive financial aid at Alcorn State University must conform to the standards for Satisfactory Academic Progress (SAP) set by the University. These standards encourage students to successfully complete their educational goals in a timely manner. It is important to remember that this SAP policy is administered by the Office of Student Financial Aid and is separate from the Academic Standards administered by the Office of the Executive Vice President & Provost for Academic Affairs.

c. **REQUIREMENTS OF THE SAP POLICY**

The following components are measured to determine whether the student is meeting SAP standards: Qualitative, Quantitative, and Maximum Timeframe.

1. **QUALITATIVE STANDARD (GRADE POINT AVERAGE)**

The qualitative component measures the quality of the student's SAP by conducting a review of the student's cumulative grade point average (GPA). To meet the qualitative requirement, the student must have a minimum cumulative and overall GPA of at least a 2.0 (undergraduate) or 3.0 (graduate). Credits accepted from other schools that may be applied to a degree are counted in the calculation of the student's GPA and therefore are included in the qualitative measure.

(Specific federal, state, and institutional scholarships and grants may require a higher GPA for continued eligibility. This is a separate and distinct factor in renewing or continuing eligibility for these specific financial aid funds. The GPA for specific scholarships and grants supersedes the GPA requirements referenced above. Information about the terms and conditions of specific student aid programs that have GPA requirements are provided to the student at the time the award is offered).

QUANTITATIVE STANDARDS (CALCULATING PACE OR COMPLETION RATIO)

The quantitative component measures the pace at which the student must progress through his or her program of study to ensure completion (within the maximum timeframe permitted and provides for the measurement of the student's progress) at the end of each evaluation. Pace or completion ratio is calculated by determining the cumulative number of credit hours the student has successfully completed divided by the number of cumulative credit hours the student has attempted. Credits accepted from other schools that may be applied to a degree are counted in the calculation as both attempted and completed hours. To meet the quantitative requirement, the student's completion ratio must be 67% or higher.

2. **MAXIMUM TIME FRAME MEASURE**

Undergraduate students must pass a minimum of 67% of all hours attempted. Students are no longer eligible to receive federal student aid once the total hours attempted (this includes transfer hours) exceeds 186 hours or as determined by the academic progression plan of study. Upon completion of a first Bachelor's Degree, students may be allowed up to 60 additional credit hours to complete a second Bachelor's Degree.

Graduate students pursuing a Master's Degree can receive financial assistance for up to 63 credit hours. Students will be limited to 95 credit hours when pursuing a second Master's degree. Graduate students must also adhere to the Quantitative and Qualitative measures. Once a student earns a second Master's degree, he/she shall be eligible to receive financial assistance only toward a Specialist Degree (39 hours). We mirror the academic standard process for graduate students. *Hours revised effective for fall 2009 semester.

In addition to the three measures referenced above to determine a student's SAP, a student who is placed on Academic Suspension is considered ineligible for financial aid.

- a. **WITHDRAWALS** - Students who receive financial assistance and withdraw from the University (officially or unofficially) will adhere to the quantitative and qualitative measures listed above.

- b. **INCOMPLETES** - An incomplete does not mean that the student has successfully completed the course. Incompletes will be treated as failing grades until removed. An incomplete will be treated as hours attempted.
- c. **AUDIT COURSES** - Courses taken for audit do not meet degree requirements and are not eligible to meet enrollment requirements to receive aid. Change of classes to audit will be treated as a withdrawal and subject to any changes of enrollment status policies.
- d. **DEVELOPMENTAL COURSES** - Students advised to enroll in developmental courses will be considered enrolled in regular classes to a limit of three (3) hours for Developmental Mathematics, three(3) hours for Developmental English, three (3) hours for Developmental Studies Lab, and three (3) hours for Developmental Reading.
- e. **REPEATS** - Repeated courses enable the student to achieve a higher cumulative GPA. However, for financial aid purposes, repeated courses count as additional hours attempted.
- f. **CHANGE OF MAJOR** – A change of major can have an adverse effect on your Satisfactory Academic Progression. The credits the student earns at Alcorn State University under all majors will be included in the calculation of qualitative, quantitative and maximum time frame measures.

Satisfactory Academic Progression (Sap) Definitions

Financial Aid Warning

Financial Aid Warning status is assigned to a student who fails to meet one or more of the SAP measures indicated above at the conclusion of a semester/term. A student assigned a Financial Aid Warning will be notified in writing. The student may continue to receive financial aid for one subsequent semester/term under this status despite the determination that the student is not making SAP.

Financial Aid Probation

Financial Aid Probation status is assigned to a student who fails to make SAP (following Financial Aid Warning status) and who has successfully appealed and has had eligibility for financial aid reinstated. A student who is placed on financial aid probation may receive financial aid for one subsequent semester/term. A student on Financial Aid Probation may be required to meet certain terms and conditions while on financial aid probation such as taking a reduced course load or taking specific courses. A student assigned a Financial Aid Probation status will be placed on a Financial Aid Satisfactory Academic Progression Plan of Study. At the conclusion of the SAP Academic Probation semester/term, the student must either meet the SAP standards or fulfill the requirements specified in the Financial Aid Satisfactory Academic Progression Plan of Study.

Financial Aid Suspension

Financial Aid Suspension status is assigned to a student who fails to make SAP, does not fulfill the requirements set forth in his or her Academic Plan of Study and Program of Study when placed on Financial Aid Probation. A student can reestablish SAP eligibility by choosing one of the following options:

- a. **SELF-PAY** – SAP Suspension does not prevent a student from registering for classes. However, payment is the responsibility of the student and must be made as required by University policy.

- b. **PRIVATE ASSISTANCE** – Students on SAP Suspension receive private assistance, in the form of scholarship or private loan, per the conditions of the individual donor or lender.
- c. **APPEAL** – See the *Appeal Process* section.

Appeals Process

If a student fails one or more of the three measures (after the Financial Aid Warning) an appeal may be filed. A student may file an appeal by completing (1) *Satisfactory Academic Progression Appeal for Eligibility Application* (2) *Why Am I Appealing Question and Statement* (3) *Academic Progression Plan* (4) *Program of Study* (5) *Class Schedule*, and (6) *Transcript*. Appeals for reinstatement should be submitted at least seven (7) calendar days prior to the last official day to register. All requests will be reviewed by the Financial Aid Committee within ten (10) calendar days of the deadline. Students who received three (3) denied appeals are no longer eligible to submit an appeal.

Financial Aid Committee and Decision

Students will be sent official notification of the Financial Aid Committee decision. The decision of the Financial Aid Committee is final. If the appeal is approved, the student is placed on Financial Aid Probation and the student’s financial aid eligibility is reinstated for one subsequent semester/term. During the Financial Aid Probation period, the student may be required to fulfill certain conditions for financial aid reinstatement.

At the conclusion of the semester/term, if the student meets the standards of SAP, the Financial Aid Probation status will be removed. If not, the student’s academic performance for the semester/term will be evaluated against the student’s Financial Academic Progression Plan and Program of Study. If the student meets the requirements of the Academic Progression Plan and Program of Study, the student will be assigned Financial Aid Probation for a subsequent semester/term. If the student fails to meet SAP standards or the requirements set forth in the Academic Progression Plan and Program of Study, the student will be deemed ineligible for financial aid.

BUSINESS OFFICE POLICY AND REGULATIONS

Financial responsibility is placed on the student, and each student should become familiar with the details of his/her account in the business office. A *Statement of Account* will be sent to students on a quarterly basis. Students can access their accounts online by going to www.alcorn.edu. Alcorn State University does not extend credit to its students. When students report to campus, they must have a full award which covers the total cost of attendance, a partial award which must be accompanied by any balance due, or be prepared to pay by cash, cashier’s check, check, money order, or credit card (Visa, Master Card, or Discover) to pay the full cost to enroll. If there is a balance from previous enrollment period(s), that balance in addition to current charges, must be paid in full before the student will be allowed to complete the registration process and/or enter the residence halls. *All students living in the main campus residence halls must have a University meal plan.*

College Expenses

The cost of an education at Alcorn State University has been determined by maintaining such expenditures as room, board, and incidentals at the lowest possible amount consistent with satisfactory service. The administration has consistently kept in mind the student's ability to pay for a college education. Tuition may be reduced in many instances by scholarship aid, student earnings, and grants-in-aid. Alcorn State University reserves the right to alter charges for tuition living expenses if the prevailing cost of materials and services makes it necessary. Tuition and fees are subject to change.

Alcorn State University reserves the right to alter charges for tuition, fees, and living expenses. In estimating the total cost of expenditures for an academic year, the student should include cost of books, supplies, travel, tools, and personal items. A student receiving financial aid must pay the difference between financial aid awarded and the direct cost of attending the institution before entering the residence hall or registering for the semester enrolling.

Refund of Charges

Students who withdraw from the University in good standing are entitled to a refund of tuition charges according to the following schedule for the fall and spring semesters:

- | | |
|-------------------------------|-----------|
| ▪ First official day of class | 90% |
| ▪ Between one and two weeks | 80% |
| ▪ Between two and four weeks | 60% |

Students obtain financial remuneration during their work periods and earn academic credit. The off-campus employment must be closely related and contribute significantly to the student's career goals. Cooperative Education is inter-departmental, and it is optional to students majoring in all departments.

The purposes of the Cooperative Education Program are:

1. To provide students opportunities to integrate theoretical classroom instruction with practical application on the job so that learning may become more meaningful and relevant to the world of work
2. To permit students to explore their career interests, and try out their occupational choice in real work situations before making final occupational commitments
3. To allow the University to extend classroom and laboratory facilities through the utilization of sophisticated facilities, equipment and expertise in business, industry, and government agencies
4. To provide students with opportunities to develop human relations skills, especially in the industrial environment

However, Alcorn State University does have a health services unit on the Lorman campus that provides quality health care services by licensed, professional staff free of charge. Appointments are not required. When necessary, referral services are available at the Natchez ASU Family Clinic and local health care providers; expenses incurred for services rendered at off campus medical facilities are the responsibility of the student.

Disability Services

Disability is defined as some form of physical or psychological impairment that substantially limits a major life activity. Students who need accommodations should send documentation from a qualified professional to the Director of Health and Disability Services. All documentation is kept secure. Upon careful review of the documentation and discussion with the student, the Director of Health and Disability Services will arrange reasonable physical and academic accommodations. Students are responsible for updating the Director's office each semester regarding their enrollment status.

HIV/AIDS Policy

Alcorn State University does not discriminate against individuals on the basis of diagnoses of HIV infection or Acquired Immune Deficiency Syndrome (AIDS). Knowledge of a person's HIV status should be treated in a confidential manner by all members of the University community.

No restrictions will be automatically placed on students, staff, or faculty who are known to have HIV infection in terms of their abilities to work, study, or take part in activities on campus. Nevertheless, the University will consider the interests of the affected individual, the University, and the University community. Professional opinion, based on acceptable public health guidelines, will be used in deciding how to respond to specific requirements of individuals with AIDS on campus.

Each case shall be considered individually. It is expected that such case-by-case consideration will use guidelines from the Centers for Disease Control, American College Health Association, and other recognized authorities on the disease. These decisions will also be guided by the Americans with Disabilities Act (ADA) and the University's exposure control plan as set forth by the Occupational Safety and Health Administration (OSHA) Blood borne Pathogens Standards.

This policy is based on current scientific and medical information which indicates that persons with HIV infection do not necessarily pose a health risk to others in a campus setting. Currently, there is no documented medical evidence of risk created by living in the same house with, caring for, eating food handled by, being coughed or sneezed upon, casual kissing, or swimming in a pool with an infected person. Known avenues of transmission include blood and body fluid exchange and sexual intercourse.

As with other diseases and conditions which may affect persons at the University from time to time, the University is unable to ensure that a member of the University community may not be exposed to HIV infection. Therefore, the University urges that all members of the University become informed about the infection in order that each person may take precautions as she/he determines appropriate.

In order to facilitate AIDS education and because the primary mission of the University is education, the University is committed to the goal of educating students, faculty, and employees about HIV- and AIDS-related conditions.

- c. A single parent may be exempted from these housing requirements if a child lives with them.
- d. Students meeting the 40-mile radius criteria must complete the *Permission to Live off Campus Form* and bear the seal of the Notary. Forms are available in the Residence Life Office.

4. **NEW AND TRANSFER STUDENTS**

Students new to on-campus housing must be fully admitted to the University and have a completed housing application on file with a \$125.00 fee. Assignments will be made randomly where space is available. Roommate requests will be honored based on space and availability.

5. **NON-DISCRIMINATION**

In assigning students to housing, the University does not discriminate on the basis of race, religious affiliation, national origin, etc.

6. **PRIORITY SIGN-UP**

During this time period current students will be allowed to reserve their rooms for the upcoming academic year. Students will be allowed to change rooms, halls and roommates.

7. **PRIVATE ROOMS**

A student may request a private room by completing the *Private Room Form*. Private rooms are issued based on space and availability for an additional fee. This fee is subject to change each semester.

8. **RENTERS INSURANCE**

The University will not be responsible for damaged or stolen items. All residents are strongly encouraged to get renters insurance. Additionally, all residents are encouraged to keep a list of

all serial numbers of any electronic devices. If anything is stolen, these serial numbers will help the University police track, identify, or recover these items.

9. ROOM ASSIGNMENTS

All room assignments are issued by the Residence Life Office.

10. ROOM CHANGES AND CONSOLIDATIONS

In order to stabilize residence hall occupancy, room changes will be processed after the official close of registration. Should space become available, room changes will be made. More information will be posted at that time directing students about the process. A *Room Change Form* is required prior to moving. After the room change period ends, room changes will be granted only if there are extenuating circumstances. Unfinished or unauthorized room changes will result in a fine of no less than \$25 per day and the student may be required to move back into his/her original room. To complete a room change, students must officially check out of their old room and into their new room with a Residence Life staff member.

Consolidation Process

- a. If one resident, occupying or having reserved a double room for any reason, vacates or fails to occupy his/her room, the remaining student must choose one of the following options:
- b. Move into another room being occupied by one resident.
- c. Permit another resident to be moved into his/her room.
- d. If space is available, remain as a single room occupant and pay the additional charge.

If a resident does not have a roommate after the first week, he/she will be assigned a roommate by the Residence Life Office. Which resident moves is based on contract date.

The first person contracted moves last. Anytime a move is made, a *Room Change Form* must be completed in advance. These forms are available *ONLY* through the Residence Life Office.

Consolidation is completed on a hall-wide basis. If there is an "odd person out" situation where one person is left without a roommate, there is no single room rate charged. If at any time, a resident is in a double room, without a roommate, refuses to a roommate that is assigned or refuses to consolidate when an opening occurs, that resident will be charged at the single room rate from the time he/she became the sole occupant of room.

11. ROOMMATE REQUESTS

All roommate requests must be submitted together at the same time; requests should be noted on housing applications.

12. TERMINATION OF CONTRACT

Before the lease becomes binding, a student may cancel the lease by providing written notice to the Department of Residence Life postmarked 30 days prior to the first day of the fall semester.

13. TERMINATION OF CONTRACT BY THE UNIVERSITY

The University may terminate a housing contract and require the student to vacate the residence hall including but not limited to the following reasons:

- a. Failure to meet financial obligations to the University
- b. Official University disciplinary actions
- c. Violation of the terms of Housing Contract

14. VACATION PERIODS

Housing will not be available during vacation periods or semester breaks. Closed periods are not included in the cost of housing. If the halls are open during a break, a per-night charge will be assessed. Students should ask their hall director if there are plans to have the halls open during the break. This should be done as far in advance as possible. If halls are open during the break there will be **LIMITED VISITATION**.

All residents are forbidden to have guests. The halls close at a specific time for breaks. Students who are not out by that time will be charged a \$25 late check-out fee.

Home Away From Home

1. COMMON AREAS

Common areas (entrances, lounges, study rooms, TV rooms, corridors, bathrooms, etc.) are for everyone's use in the hall. No individual or group should engage in an activity that inhibits the use of these common areas by other residents unless approved in advance by the hall director. Entrances to each building must be kept clean, attractive, and accessible. This is for the comfort and convenience of you and your guests. Also, for safety purposes, this area must be kept clear for use if there is an emergency. ***Please do not loiter or sit on the steps or other entrance and exit areas.*** If you do not comply, you will be subject to disciplinary action. It is the responsibility of all students to help keep the lounge areas clean. Furnishings and equipment in the common areas are for the use of all residents. The removal of any of these items deprives others of their use. Such action will be considered theft, resulting in charges, disciplinary or legal action, and/or fines. Do not move furniture from the room in which it is located.

2. BULLETIN BOARDS

Bulletin boards are in the residence halls on each floor. General announcements concerning your hall and hall council activities will be posted there. Develop the habit of checking this board each day. Announcements concerning the University will be posted on the official bulletin boards throughout campus and classroom buildings. These boards are for your convenience, so take care of them.

All campus telephones have an 877 prefix; and on-campus numbers can be called by dialing the last four digits of the number being called. For Alcorn State University information dial "0" for the Campus Operator. To call off-campus directory numbers, dial "9" for an outside line then complete the seven digit number. Long distance calls may be placed from residence hall rooms.

8. **VENDING MACHINES**

The food and drink vending machines are maintained and serviced by a contractor engaged by the University. Machines are used at your own risk and no refunds are given by the Residence Life staff. Report any problems to the appropriate hall staff.

Residence Life Policies

1. ABANDONED PROPERTY

Abandoned property is defined as items of value that are left when residents check out of their rooms. The property will be inventoried and removed from the room. An initial fee of **\$50.00** will be charged to the resident to remove belongings from the room. If the resident does not collect the property within **seven (7) days** of the resident's check-out date, the items become the property of Alcorn State University.

3. ALCOHOLIC BEVERAGES AND CONTROLLED SUBSTANCES

The possession and/or use of any alcoholic beverages or controlled substance other than prescribed drugs are not permitted on the campus or in any of the University buildings (this

Video surveillance cameras are in use and residents and their guests may be videotaped upon entering and exiting the buildings. Only in the case of an emergency should emergency exits be used. Persons should never enter or exit the building through a window unless there is an emergency. Roofs are off-limits to unauthorized personnel.

Upon receipt of an official financial statement, prompt payment should be made to the University's Business Office at the cashier's window.

12. CHILDREN

Special permission must be obtained from the Director of Residence Life for children (under the age of 16) to be in any residence hall, at any time. Children may not be overnight guests. *No babysitting is allowed in any of the residence halls.*

13. CLOSING OF RESIDENCE HALLS (SEMESTER/SESSION END)

Students must return their room key to the Residence Hall Director at the end of each semester or summer session before leaving. The residence halls will close at 4:00 p.m. at the end of each semester (see University calendar for published dates). All residents must vacate the halls by 4:00

- g. Research may be conducted in residence halls via prior written approval from the Director of Residence Life or designee.

15. **COMMON AREA DAMAGE AND GROUP BILLING**

Damage to common areas is more a difficult and complicated matter, one that is also the responsibility of each resident. The Department of Residence Life has attempted over a period of time to resolve the difficulty of damages to public areas and the related problem of defraying costs for such damages. Room or common area damage may result in the reassignment or cancellation of the housing contract of those person(s) found to be responsible. If the responsible person(s) cannot be determined, the entire community may share the cost of this damage, whether it occurred in a wing, floor or entire building.

Damage charges are used to assist in repairing or replacing damaged items. Repairs or replacements not completed before the next academic year begins will be completed as soon as possible depending on the availability of personnel and/or additional necessary funds. Damage charges can also cover the cost the University incurs when students exhibit inappropriate behavior such as setting off false fire alarms, or stealing University property. Trash or personal belongings in the exterior or common areas of the building may be removed immediately and cleaning charges can be assessed without prior notice.

Faulty equipment and damage should be reported to a staff member. If there is damage in a room, students are urged not to attempt to repair it because this often increases the cost of final repairs. University personnel are trained to provide repairs and can remedy the situation in a short time.

16. **COOKING**

Because of health reasons and fire prevention regulations, cooking is not permitted in students' rooms. Any student who brings or uses restricted cooking utensils in the residence halls is in violation of the regulation and will be subject to confiscation and storage of said appliance(s) until it can be removed from the residence hall. A \$50.00 fine will be levied per infraction.

17. COUNSELING AND REFERRALS

The Counseling Center provides service to students who desire help. Other campus referrals are also important including tutoring, career counseling, academic advising and religious counseling. Students may call the Counseling and Testing Office at 601-877-6230 Monday - Friday between the hours of 8:00 am - 5:00 pm; after hours, call Campus Police at 601-877-3000 or 601-877-2291.

18. DAMAGES

Damages to student rooms are the responsibility of the occupant(s). Damage charges will be shared equally by all roommates unless the resident provides written notice to the Residence Hall Director of the student(s) responsible for the damage. Depending upon the nature of the damage (broken items, cleanliness, etc.), the resident(s) who occupy the room may face University judicial action in addition to damage charges and any labor charges incurred. To prevent misinterpretation, students should inspect their rooms thoroughly when completing the Room Condition Report (RCR) upon taking occupancy of a room. This task should be taken seriously and accomplished in detail.

Residents who wish to appeal charges placed on their student account may write a formal letter of appeal addressed to: **Damage Appeal Process c/o Residence Life 1000 ASU Drive #239 Alcorn State, MS 39096**. Damage appeals are investigated and reviewed on an ongoing basis by at least two members of the Residence Life staff. Common-area damage charges cannot be appealed unless extenuating circumstances exist or the identity of the person(s) responsible is established. The appeal letter must contain the following information:

- a. Full name
- b. ASU ID
- c. Mailing address
- d. ASU email address
- e. Contact telephone number
- f. Residence Hall and room number
- g. Explanation of grounds for appeal
- h. Appropriate documentation

All appeals must be received within 30 days of the initial billing or within 15 days of receipt of the student's first account statement reflecting the charges from the Office of the Bursar. All decisions made by the Department of Residence Life are final.

19. DEATH

If a student finds another student or non-student deceased in the residence hall, the student should call Campus Police at 601-877-3000 or 601-877-2291.

20. DECORATIONS

Decorations can add immensely to making the residence hall more homelike and attractive. However, this added beauty and comfort can easily be destroyed or turn to tragedy by failure to

recognize and take the necessary precautions to prevent potential hazards. No more than 20% of the door may be covered.

Any decorating of public areas must be done in consultation with the hall director before beginning such projects. You must abide by the following guidelines in the interest of preventing fires and damaging facilities:

- a. *Candles are not permitted in the residence halls.* The burning of candles and incense is prohibited. *Decorative candles are not allowed.* This is strictly enforced.
- b. You are responsible and will be charged for any decorations that stain, alter, or otherwise damage the room. This includes nail holes, decals and tape marks on the walls, door, floor, etc. All should be carefully removed at check-out time.
- c. Windows may not be decorated; including lining the windows with aluminum foil.
- d. Light fixtures (in public areas) and elevator buttons may not be covered at any time.

21. DRESS CODE

University regulations prohibit bare feet and/or swimwear in food service and classroom buildings except where appropriate. Attire will be governed by its appropriateness to the activity. Students are encouraged to exercise discretion in their dress attire. Specifically, upper and lower garments and footwear are required.

22. ELECTRICAL APPLIANCES

The electrical systems in the residence halls are not designed to carry heavy loads of electrical equipment. Appliances that are permitted include: microwaves (less than 1000watts), refrigerators (no more than 6 cubic feet), coffeemakers, air popcorn poppers, hair dryers, electric shavers, radios, TVs and stereos. Microwaves are the only cooking appliance permitted for use in student rooms. No homemade electrical appliance will be permitted. Items which are NOT allowed include but are not limited to: electric heaters, oil popcorn poppers, toaster ovens, "George Foreman" or similar type grills, open coiled or open flame appliances, halogen lamps, crock pots, and convection ovens.

23. ELECTRICAL OUTLETS

Power strips are the only multi-outlet device allowed. Power strips with surge protectors are further recommended to protect electronics from occasional electrical surges. The University cannot accept responsibility for damage of electronics due to interruptions of utilities.

24. ELEVATORS

Each resident is responsible for the proper use and care of residence hall elevators. Residents are not to overload or force the doors of elevators. Unauthorized personnel are prohibited from entering the elevator shaft. Emergency call buttons are to be used only in case of an emergency. Elevator surfing is considered extremely dangerous. Students found tampering with, vandalizing, surfing or misusing the elevators are subject to judicial action with possible eviction from the residence halls.

25. EMERGENCY EXIT DOORS

Any student found using the emergency exit doors will be fined \$20 each time they are caught using the doors.

26. EXTERIOR DOOR LOCKING & PROPPING OF DOORS

All residence hall exterior doors are locked 24 hours a day. The decision to keep these doors locked is part of a commitment to provide greater security and safety for the residents of Alcorn State University. We believe that residents should have a choice to decide who enters their residence hall and when they may enter it. When doors are unlocked or propped, there is no control over who enters a residence hall. Additionally, your choice of who may be in your hall has been taken away. Unfortunately, history has proven that not all residence hall visitors have friendly intentions. Please do not sacrifice the safety of yourself as well as your fellow residents. *If a student props a door open, he/she is in violation of Residence Life policy and will be subject to disciplinary action.*

27. FACILITIES MANAGEMENT (MAINTENANCE)

The Facilities Management Department coordinates the upkeep and maintenance of the residence halls. Students should report maintenance problems such as broken windows, leaking water pipes, loose closet doors, and so on to the Residence Hall Director. If a student is not present when the worker arrives, he/she will enter the room to make the necessary repair(s) and leave a notice indicating that he/she has been in the room. *Emergency Maintenance* - If an emergency maintenance arises, a request for service should be made to the Residence Hall Director. *Repairs* - Repairs to University property are done by trained professionals employed in the Facilities Management Department. Reports of necessary repairs should be made to the staff on duty at the front desk of the residence hall. If a repair has not been completed within a reasonable amount of time (48 hours excluding weekends), contact the Residence Hall Director.

28. FAILURE TO COMPLY

It is important that students comply with requests from University officials. Failure to comply with any reasonable and lawful request (verbal, written or other) of University officials acting in the performance of their official duties will result in judicial action. This includes failing to appear before any University hearing officer as summoned without proper excuse or justification as deemed by the University Hearing Officer.

29. FIRE ALARMS

Fire alarms have been installed throughout the residence halls for student safety. In the event that fire alarms should sound, students must leave the building immediately through the nearest exit. Become familiar with the evacuation diagram located on each hallway. Residents are instructed to remain outside of the building until the Fire Department gives the order that the building is safe and residents may return to their rooms. Residents who remain in the residence halls after an alarm has sounded are subject to arrest and University judicial action. Intentionally causing a false alarm is considered a serious infraction and will be dealt with accordingly. Smoking, cooking and aerosol sprayed near smoke detectors or sprinklers may result in an accidental false fire alarm.

An intentional false fire alarm may result in arrest, University disciplinary action and loss of housing.

30. FIRE DRILLS

It is the University's policy that each building will hold a fire drill twice a year. When an alarm is pulled, the student must evacuate the building without exception. A *Fire Drill Report Form* will be submitted to the Housing Office on the following day. The purpose of the drills is to make students aware of the fire procedures and fire escape routes.

31. FIRE EXTINGUISHERS

Fire extinguishers are located on each floor of the residence halls. *Class ABC* fire extinguishers may be used on trash, wood, paper, liquids and grease electrical equipment in the residence halls. ***Always have an escape route.*** To use a *Class ABC* fire extinguisher, do the following:

- a. Pull the pin; hold unit up-right, free hose, and stand back eight feet
- b. Aim the extinguisher nozzle core at the base of the fire
- c. Squeeze the lever and sweep side to side

32. FIRE PROCEDURES

- a. Leave your room immediately, as required by state law
- b. Leave the wall or overhead light on
- c. Close the room door and lock it
- d. Walk quietly and quickly to the nearest exit; do not use the elevator
- e. Once outside, go to the designated waiting area
- f. Remain outside until the signal is given by building staff to return to your room

Students must obey all fire regulations. Failure to evacuate a hall when an alarm sounds represents grounds for disciplinary action. Residence Life staff and the University Police reserve the right to enter students rooms to locate the source of the problem and to ensure that everyone has evacuated the building. If a fire starts in the room, call the Residence Hall Director. ***REMEMBER: Always Try To Remain Calm. Never Re-Enter A Burning Building To Try To Save Your Personal Possessions. Do Not Use Elevators.***

33. GAMBLING

Gambling is not allowed in the residence halls or any other areas of the campus. This includes but is not limited to betting pools, brackets of any kind, dominoes and card games (where money changes hands).

34. GARBAGE DISPOSAL

All garbage should be placed in plastic bags, tied securely, and placed inside the trash chute. Garbage should never be placed in hallways or beside the trash chute even temporarily. Garbage left outside the containers invites roaches, rodents and other animals. Residents are responsible for keeping the grounds clean by making sure that trash is placed in the dumpster. If garbage is found in unauthorized places and the student responsible is identified, he or she will be subject to fines and judicial action.

35. HALL AND FLOOR MEETINGS

During the semester the need may arise to gather all the residents together to cover various topics. Residents are encouraged to attend.

36. HALL SPORTS

In order to maintain an environment that is conducive to study, sports are not to be played in residence hall areas. This includes basketball, football, soccer, Frisbee, water fights, tag, chase, golfing, wrestling, skateboarding and skating or rollerblading. Students are encouraged to enjoy these activities outdoors, at E.E. Simmons Gymnasium, or through organized intramural activities.

37. HARM TO SELF

No student shall cause physical harm or threaten to cause physical harm to himself/herself, nor shall any student take any action that creates danger to his/her own health, safety or personal well-being. Possible sanctions for these infractions could be counseling services either on or off campus. Documentation of services will be required for continuation of residence.

38. HAZARDOUS ACTIVITIES/GAMES

Bicycle riding, skate boarding, and roller skating, are prohibited in hallways, stairwells and other common areas. Because of potential danger to both persons and property, *darts and dart boards* are prohibited in the residence halls. Velcro "darts" are allowed.

39. HEALTH AND SAFETY INSPECTIONS

Weekly health and safety inspections are conducted by University and residence life staff. During these inspections, eliminating safety hazards is of the utmost importance. Keep in mind that the possession of candles, extension cords, cooking devices, halogen lamps, weapons, and so on in rooms is a violation of University policy and are a safety risk. Students disregarding the safety of the community will be judicially sanctioned. This may include stiff fines, community service and/or expulsion from the residence halls. It is important that a reasonable level of cleanliness be maintained in residence hall areas. If it is determined that a room or suite poses a safety hazard because it is unacceptably dirty and/or unhealthy, it must be cleaned within 24 hours. Should the facility remain unacceptable after 24 hours, the students will be charged a minimum of \$75 each.

40. HEATING AND AIR CONDITIONING SYSTEM

The heating and air conditioning system in the residence halls heat and cool the buildings; however, problems arise occasionally during the "in-between" seasons. The system used in the residence halls allows three options: cooling, heating, or off. Heating and cooling systems cannot operate simultaneously (as in our homes). Changing from one system to the other is an involved process. Residence Life and Facilities Management monitor weather patterns in an effort to determine when the weather has stabilized to the point where heating/air conditioning systems can be interchanged.

41. IDENTIFICATION CARDS

Identity of residence hall students is easily established by means of an ASU Gold Card. For security reasons the RA, RD or other Residence Life staff member will routinely ask residents entering the building to show their ID card. ASU Gold Cards are not transferable. Students may not lend their ID to another student for any purpose including but not limited to entry into a building, misrepresentation of age, purchase of meals, vending items, or other goods which may be charged to the ASU Gold Card. False ID cards will be confiscated and turned over to the University police.

42. IMPLIED CONSENT

Students are responsible for all activities that occur in their residence hall room. By allowing the existence of behaviors or items that violate Residence Life or University policy, students demonstrate an implied consent for the violations. As a result, students are responsible for taking an active role in ensuring that inappropriate behaviors or items do not exist in the residence hall room. Residents should report behaviors or items that violate residence hall or University policy to a staff member. Passive participation in events that violate University or residence life policy will be viewed as a policy violation.

43. KEYS

Students residing in residence halls are issued a key at the time of check in. The responsibility for the safe-keeping of the key falls upon the student. Heritage Village residents are responsible for a front door key and a bedroom key. Should a key be lost, the student should contact their hall director immediately. A lock change will be submitted to the University locksmith and a fee of \$25 will be assessed to the student's account for each lost key. University keys cannot be duplicated. In addition, due to fire codes the addition of locks on doors is not allowed.

44. LOCKOUTS

The Residence Hall Director is expected to open doors for students who are locked out of their rooms. There will be a fee assessed for each lockout.

45. NOISE CONTROL

An atmosphere conducive to sleep and study must be maintained in on-campus housing at all times. All visitors are expected to respect both courtesy and quiet hour policies as set forth in the *Residence Hall Handbook*. Courtesy hours are 24 hours a day. Title IX

Title IX of the Education Amendments of 1972 states: “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.” Alcorn State University is committed to providing a learning, working, and living environment that promotes personal integrity, civility and mutual respect in an environment free of sexual misconduct and discrimination. Sexual discrimination violates an individual’s fundamental rights and personal dignity. ASU considers sexual discrimination in all its forms to be a serious offense. This resource refers to all forms of sexual discrimination, including: sexual harassment, sexual assault, and sexual violence by employees, students, or third parties.

The Title IX Committee is a collaborative and multi-disciplinary team charged with advancing a university culture of respect, responsibility, and safety and ensuring positive compliance with Title IX and other laws, regulations and policies related to sexual and gender-based issues. The Title IX Committee provides recommendations and information to the university administration to inform policy, identify services, and ensure compliance with federal and state regulations.

Committee Charge: The Title IX Committee is a collaborative and multi-disciplinary team charged with advancing a university culture of respect, responsibility, and safety and ensuring positive compliance with Title IX and other laws, regulations and policies related to sexual and gender-based issues. The Title IX Committee provides recommendations and information to the university administration to inform policy, identify services, and ensure compliance with federal and state regulations.

This committee will also conduct hearings of cases relevant to Title IX issues.

At the discretion of the Office of Title IX, and with the agreement of both the complainant and respondent, a report may be resolved through an administrative hearing. The parties will be notified (typically via email) of the specific violations of the Student Sexual Misconduct Policy under consideration in advance of an administrative hearing. A designee of the Office of Title IX will review the information gathered during the investigation separately and in private with each party and give each party an opportunity to respond. The designee will determine if the respondent is responsible for the alleged policy violation(s), and, if so, issue (an) appropriate sanction(s). The parties will be notified in writing of the outcomes concurrently. If the respondent or complainant does not accept the administrative hearing resolution, either party may request by the stated deadline (typically 72 hours after notification of the outcome) an appeal. If such a request is made, the decision will be determined by Director of Title IX.

Educational Equity and Inclusion: Sexual Misconduct

By definition, sexual harassment is

- unwelcome, gender-based verbal or physical conduct that is,
- sufficiently severe, persistent and pervasive that it,
- unreasonably interferes with, denies or limits someone's ability to participate in or benefit from the university's educational program and/or activities

It is important to note that harassment can occur in a variety of contexts, including face-to-face interactions, emails, and other forms of written communication, social media, etc.

Examples of Harassment

Most of us are familiar with the general concept of sexual harassment, yet **conduct constituting harassment** can include a wide range of behavior. **Inappropriate** touching, comments, gestures, or other behaviors that reasonably make another individual uncomfortable enough to interfere with their ability to fully participate in their educational program or unemployment **constitute**

sexual harassment when a part of a pattern of conduct meeting the definition set forth above. Other examples that are punishable when they meet the above harassment standard include attempts to: coerce an unwilling person into a sexual relationship; repeatedly subject a person to inappropriate, unwelcome sexual attention; punish a refusal to comply with a sexual based request; or condition a benefit on submitting to sexual advances. The key notion is not what you intend – it’s about **the interpretation of the victim, as well as the interpretation of a reasonable person in that victim’s position.**

STUDENTS’ RIGHTS AND RESPONSIBILITIES

Alcorn State University students have responsibility to obey federal, state, and local laws, as well as University rules and regulations.

Essential to the effective functioning of the University is the protection and promotion of a special set of interests and purposes: (1) the opportunity of students to attain their educational objectives, (2) the creation and maintenance of an intellectual and educational atmosphere throughout the University, (3) the rights of all members of the University community, and (4) the protection and reputation of the University itself.

Students enrolled at Alcorn State University must ultimately assume full responsibility for their actions and must adhere to the rules and regulations as set by the University. Violations of these regulations and/or a demonstrated unwillingness to obey the rules governing conduct may lead to sanctioned disciplinary action by the University.

University Code of Conduct for Students

The goals of Alcorn State University include not only the advancement of knowledge but also the development of a truly disciplined individual. Self-discipline is the aim of the University in its regulation of student conduct. Alcorn State University is an academic institution as well as a community unto itself. As in any community, there must be rules and regulations to protect the rights and privileges of all its members.

All students have the right to seek knowledge, freedom of inquiry, and freedom of expression. Therefore, they assume the obligations of membership in a free community and the responsibility for their actions. While exercising these rights, students must conduct themselves in such a manner as to safeguard the rights of every individual in the community. Alcorn State University expects of all students responsible social conduct that shall reflect credit upon the University. It also encourages behavior that is consistent with the laws and the generally accepted morals and manners of our society. Thus, students at Alcorn State University are expected to be professionally competent, have a strong work ethic, have a value system and high moral character, and to be well groomed.

If a student is in violation of the code and standards of conduct which involves having to appear in court, and his or her presence on campus constitutes a clear and present danger to students or others in the University community, the student will be asked to leave the campus. The person(s) involved will not be allowed to return to the University until his or her final court hearing and the

receipt of a letter from the Vice President for Student Affairs concerning his or her status with the University.

Standards of Conduct

Each student enrolled at Alcorn State University or accommodated by its facilities is subject to University policies and regulations for the duration of his or her stay. It is expected that students will abide by the rules and regulations of the University, as well as by civil and criminal laws. Students who violate these rules and regulations or laws are subject to disciplinary action by the University, as well as to action from the civil or criminal courts. Lack of knowledge of these rules and regulations or failure to correctly interpret them does not excuse any one from penalties in case of violation.

Dress Code

University regulations prohibit bare feet and/or swimwear in food service and classroom buildings except where appropriate. Attire will be governed by its appropriateness to the activity. Students are encouraged to exercise discretion in their dress attire. Specifically, upper and lower garments and footwear are required. Students are expected to dress in a manner that is representative of an institution of higher education. For example, special occasions such as convocations, employment, professional and graduate school fairs, graduation, coronations, plays, luncheons, and banquets dictate that business attire should be worn. This would include shirt and tie, business suit, blazer and skirt or slacks, or a dress. Formal attire would include dinner dress, formal, business suit, or a tuxedo.

Sports and other social occasions such as Greek shows, dances, inter-collegiate athletic competitions, and pep rallies require informal but respectable apparel. Inappropriate dress may include but is not limited to pajamas/sleepwear, midriff tops, short shorts, halter-tops, headdress such as “do rags”, sagging pants, biker shorts, t-shirts, headgear with offensive inscriptions, or any other apparel of a revealing nature that is worn publicly or into the classroom, or to special occasions as defined in the aforementioned paragraph. Under certain circumstances, faculty, academic colleges and various other departments and offices have the authority to stipulate appropriate attire for classes and events sponsored by their departments or offices when conducting University business.

Violations of Policies While Absent from Campus

The Division of Student Affairs uses the following guideline to determine if students should be charged with violating student conduct policies for incidents that occur away from the campus. The considerations below are not in order of importance and should only be used as a reference.

1. Student was acting as a representative of the University
2. Students traveling to or from campus
3. Alcorn State University sponsored event
4. Degree of violence that occurred
5. Injury to students or others
6. Extent of danger posed to the community
7. Conduct unbecoming a University student

8. Conduct unbecoming a University student organization
9. Incident may result in a felony charge
10. Involvement of weapons or drugs

Disciplinary Process

IHL Board Policy No. 301.0801 (F) charges the President of Alcorn State University with the responsibility of maintaining “appropriate standards of conduct of students” and further authorizes him “to expel, dismiss, suspend, and place limitations on continued attendance and to levy penalties for disciplinary violation, subject to procedures of due process.”

The President has delegated this function to the Vice President for Student Affairs. It is the responsibility of this office to initiate, implement, and supervise the disciplinary process for students. The Vice President for Student Affairs is assisted in disciplinary determinations by a University Disciplinary Committee or an Administrative Hearing designee. The University Disciplinary Committee consists of representatives of the faculty and student body. This duly authorized committee is composed of students, faculty and staff members, and a faculty or faculty emeritus chairperson. The Administrative Hearing designee is appointed by the Vice President for Student Affairs. Students accused of misconduct are brought before either of these duly sanctioned bodies.

The involvement of a peer group in such group decisions is consistent with the University’s educational goals and its practice of student participation in institutional governance. No other office on campus will have the power to appoint members or assign duties to this committee. All recommendations from duly authorized groups on campus should be directed to the Vice President for Student Affairs for appropriate actions on the same. At no time should any recommendations be directed to the University Disciplinary Committee or the chairperson of this committee.

Students, faculty members, staff members, administrative officials, or approved organizations of the University may file charges against any student for misconduct with the Vice President for Student Affairs. The Vice President for Student Affairs and/or Investigative Officer will conduct a preliminary investigation to determine the validity of charges and the possible alternative disposition of the case, as well as whether the case warrants a hearing by the University Disciplinary Committee. In cases of emergency or extraordinary circumstances, the Vice President for Student Affairs may temporarily suspend the student pending the consideration of the case or an expedited Administrative Hearing. The Division of Student Affairs assigns cases to be heard by the University Disciplinary Committee based on the type of infraction, location of infraction, professional assessment of behavior, current disciplinary status, and case load.

Disposition of allegations of misconduct will be handled in one of three ways:

1. A student is given the option of accepting disposition of the alleged misconduct via administrative procedures. (see **Appendix A** pg. 115)

2. A student is notified in writing of a scheduled Administrative Hearing in lieu of the University Disciplinary Committee Hearing. The student will have to waive his or her rights to a full University Disciplinary Committee Hearing to have the case heard by the Administrative Hearing Official. (see **Appendix B** pg. 111)
3. A student is notified in writing of a scheduled University Disciplinary Committee Hearing.

The following procedures for initiating a University Disciplinary Committee Hearing or Administrative Hearing will be followed:

1. The student affected shall be notified in writing from the office of the Vice President for Student Affairs or designee of the specific charges made against him/her and the time and place of the hearing.
2. The letter of notification will inform the student that he/she may bring any witnesses to the hearing to testify on his or her behalf.
3. The letter of notification will further inform the student that he/she may be accompanied by an advisor of his or her choosing during the time that he/she might appear before the University Disciplinary Committee or an Administrative Hearing designee.
4. The student will be notified of witnesses that will make a testimony against him/her when possible.
5. The student will be notified at least two (2) days prior to the time he/she is to appear before the University Disciplinary Committee or an Administrative Hearing designee. When notification is by mail, a registered letter must be postmarked three (3) business days prior to a student's appearance before the committee/designee.
6. A request for a delay in appearing before the University Disciplinary Committee or an Administrative Hearing designee should be directed to the Vice President for Student Affairs or designee within twenty-four (24) hours of receipt of the hearing notice. The request should include the reason(s) for the proposed delay. The Vice President for Student Affairs or designee is then responsible for giving that student an official response to his or her request. If denied, the student will appear before the University Disciplinary Committee or the Administrative Hearing designee at the original time designated in his or her letter of notification.
7. A record of the proceedings of the University Disciplinary Committee Hearing or an Administrative Hearing designee shall be made by the recorder and filed in the Division of Student Affairs.

Rules and Procedures

University Disciplinary Committee

It is the duty of the University Disciplinary Committee to conduct a fair and impartial hearing of each case. The committee will take into account all information and testimony related to whether the accused student did or did not commit the alleged misconduct as described in the letter to the student from the Vice President for Student Affairs. It is incumbent on the committee to make recommendations to the Vice President for Student Affairs regarding whether the accused is responsible or not for the alleged misconduct. Further, the committee may also recommend that the Vice President for Student Affairs or his/her designee initiate an investigation and/or charges against any additional person found to be associated with the alleged misconduct.

The chairperson of the University Disciplinary Committee is in charge of the floor at all times until it is specifically granted by him/her to another person. Violators will be ruled out of order.

Administrative Hearing

The Vice President for Student Affairs or designee may determine to administratively dispose of any student violations of conduct. If this course of action is pursued, the student and the Vice President for Student Affairs or designee will sign a Letter of Agreement (see **Appendix B** pg. 116), as to the terms of the disposition of the violation. This agreement will remain confidential except that the University Disciplinary Committee may have access to these records. In administratively disposing of a violation, the Vice President for Student Affairs or designee may impose any penalty authorized as listed in the *Disciplinary Penalties* section of the Student Handbook.

General Procedures

1. Legal rules of evidence do not apply to these hearings but the committee may admit and give probative effect to evidence that possesses probative value and is commonly accepted by reasonable people. The committee shall honor the rules of privileged information recognized by law, and in addition, shall recognize as privileged, communication between a student and a member of the staff of the University Student Health Services and the Counseling Center.
2. The committee shall presume an accused not responsible of the alleged violation until it is convinced of the accused's responsibility by preponderance of the evidence.
3. The chair will grant recesses whenever he/she feels that they are necessary or are in the best interest of the proceedings. Therefore, motions, suggestions, or requests for recesses or adjournment are not in order.
4. The hearing will generally be conducted by a charge basis. Thus, the chair might interrupt testimony at any time he deems that such testimony is either irrelevant or superfluous to the specific charge under consideration at the moment. Insofar as practicable and possible, testimony for or against the student will be charge by charge.
5. All witnesses on behalf of the University will be heard first and in the order called. All witnesses on behalf of the student involved will be heard last and in the order called.
6. A witness shall give a statement and/or produce documentary and other information unless the statement, document or other information is privileged or self-incriminating.
7. An accused may not be compelled to testify.
8. The committee shall make a recommendation of responsible or not responsible solely on the basis of evidence presented at the hearing.
9. While every effort will be made to give both sides the opportunity to completely explore all avenues, the chair reserves the right to keep the number of witnesses, the length of their testimony, and the duration of questioning within reasonable limits.
10. All hearings should be recorded in a manner suitable for transcription.

Challenges and Recusal of Committee Members

1. If the accused student or the presenter of the University's case is not satisfied with the fairness or objectivity of any member of the committee, either may challenge that member. Each party is allowed two (2) challenges.
2. Each side is allowed one (1) preemptory challenge and one (1) challenge for cause. In the challenge for cause, the decision of the committee is final.
3. The challenged member shall leave the hearing room and shall not participate in the deliberation or the voting.
4. Any committee members wishing to recuse themselves from hearing a particular case may do so by notifying the committee chairperson.
5. Recusal committee members shall leave the hearing room and shall not participate in the deliberation or the voting.
6. After challenge or recusal is complete, the hearing shall proceed with the remaining members present.

Possession of a Controlled Substance in Mississippi (State Law)

All states regulate the illegal possession of controlled dangerous substances (CDS), though each differs in its exact definition of CDS and the penalties for possession. Mississippi classifies not only well-known drugs like marijuana, heroin, and cocaine as CDS, but also the compounds used to manufacture them.

This article discusses illegal CDS possession only. Making or selling CDS carries different penalties. For more information on CDS manufacture and sale, see [Sale of a Controlled Substances in Mississippi](#).

Also, while marijuana is considered a CDS, this article does not cover Mississippi's marijuana possession and sale laws. To learn more about that topic, see [Mississippi Marijuana Laws](#).

How Mississippi Classifies CDS

Mississippi divides CDS into five "schedules." Schedule I lists the most dangerous drugs, which have a high probability of abuse and addiction, and no recognized medical value. Schedules II, III, IV, and V decrease in dangerousness and probability of abuse; and increase in recognized medical uses.

These classes are also used to determine the applicable penalties for illegally possessing specific CDS (described in the next section). If you've been arrested for illegal CDS possession, you'll need to consult the Mississippi Code that lists precisely which drugs fit into each group. Go to the statute ([Ms. Code Ann. § 41-29-113](#), -115, -117, -119, -121.) and find the substance you're charged with possessing -- it will be listed under one of the five classes.

Penalties for Illegal CDS Possession

It is illegal in Mississippi to possess CDS without a valid medical prescription. Penalties vary according to the type and amount of the CDS involved, measured by dosage unit (a one milliliter solution for liquid substances, or one "stamp", "square", or "dot" for substances like LSD), or by weight of the CDS involved.

"Weight" includes pure CDS or a mixture containing any detectable amount of the CDS. When a mixture contains more than one CDS, the punishment is determined by the substance that incurs the greater penalty.

SCHEDULE I AND II SUBSTANCES

Possessing less than one-tenth of a gram (or one dosage unit) may be charged as a misdemeanor or a felony. If charged as a misdemeanor, penalties include a fine of up to \$1,000, up to one year in jail, or both. If charged as a felony, penalties include a fine of up to \$10,000, at least one (and up to four) years in prison, or both. (Ms. Code Ann. § 41-29-139(c) (1) (A).)

Possessing one tenth of a gram or more, but less than two grams (or two or more dosage units, but fewer than ten dosage units) incurs a fine of up to \$50,000, at least two (and up to four) years in prison, or both. (Ms. Code Ann. § 41-29-139(c) (1) (B).)

Possessing two grams or more, but less than ten grams (or ten or more dosage units, but fewer than 20 dosage units) incurs a fine of up to \$250,000, at least four (and up to 16) years in prison, or both. (Ms. Code Ann. § 41-29-139(c) (1) (C).)

Possessing ten or more, but less than 30 grams (or 20 or more dosage units, but fewer than 40 dosage units) incurs a fine of up to \$500,000, at least six (and up to 24) years in prison, or both. (Ms. Code Ann. § 41-29-139(c) (1) (D).)

Possessing 30 grams or more (or 40 or more dosage units) incurs a fine of up to at \$1,000,000, least ten (and up to 30) years in prison, or both. (Ms. Code Ann. § 41-29-139(c) (1) (E).)

SCHEDULE III, IV, OR IV SUBSTANCES

Possessing 50 grams or more, but less than 150 grams (or 100 dosage units or more, but fewer than 500 units) incurs a fine of up to \$10,000, at least one (and up to four) years in prison, or both. (Ms. Code Ann. § 41-29-139(c) (3) (B).)

Possessing 150 grams or more, but less than 300 grams (or 500 dosage units or more, but fewer than 1,000 units) incurs a fine of up to \$50,000, at least two (and up to eight) years in prison, or both. (Ms. Code Ann. § 41-29-139(c) (3) (C).)

Possessing 300 grams or more, but less than 500 grams (or 1,000 dosage units or more, but fewer than 2,500 units) incurs a fine of up to \$250,000, at least four (and up to 16) years in prison, or both. (Ms. Code Ann. § 41-29-139(c) (3) (D).)

Possessing 500 grams or more (or 2,500 or more dosage units) incurs a fine of up to \$500,000, at least six (and up to 24) years in prison, or both. (Ms. Code Ann. § 41-29-139(c) (3) (E).)

Second and Subsequent Offenses

A second or subsequent conviction incurs up to double the applicable fine, prison term, or both, as described above. (Ms. Code Ann. § 41-29-147.)
