MISSION STATEMENT

Residence Life provides a safe, diverse and well-maintained environment that complements and supports the academic mission of the University. We create a dynamic living/learning experience that promotes and inspires individuals to become empowered community members. The following is a summary of the residence life policies that will govern students while they attend Alcorn State University.

STUDENT RIGHTS

In a community living situation, as found in the residence halls, it is necessary to impose certain standards for conduct and behavior to ensure that there is some order to the environment. Each resident living in the residence hall has certain rights they are entitled to

These rights are:

1. The right to sleep
2. The right to one's personal belongings
3. The right to free access to one's room and suite facilities
4. The right to a clean environment in which to live
5. The right to read and study free from undue interference in one's room
6. The right to complain and be heard
7. The right to personal privacy
8. The right to be free from harassment, threats, intimidation or violence

Residents are expected to respond appropriately to the reasonable requests of other residents and Residence Life staff. Residents will respect the rights of other residents, and each resident is responsible and held accountable for his or her behaviors, as well as for the behavior of his/her guests(s).

Statement of Non-Discrimination

Students have the right to be free from all forms of discrimination. Alcorn State University complies with all laws regarding affirmative action and equal opportunity in all its educational programs, activities, admissions or employment practices and does not discriminate against anyone on the basis of age, creed, color, national or ethnic origin, race, religion, gender, disability, sexual orientation or veteran status.

1. **Mandatory Residency Requirement**

All full-time students attending the University under the age of twenty-one (21) who have completed fifty-nine (59) or fewer hours prior to the first day of classes for the term and are not living at the primary residence of their parents or legal guardians within a 40-mile radius of the University are required to reside on campus and participate in a meal plan. Attaining the age of requirement does not void the

contractual agreements made for housing; provided, however, that a student who will attain the age of twenty-one (21) prior to the first day of classes for the following spring semester may request a one-semester housing contract/and further provided that a student under age twenty-one (21) who satisfactorily completes sixty (60) or more hours during the first semester may be released from the second semester of the housing contract.

- a. A student who is a military veteran with at least two (2) years of service is exempted from these housing requirements.
- b. A married student, living with his/her spouse is exempted from these housing requirements.
- c. A single parent may be exempted from these housing requirements if a child lives with them.
- d. Student meeting the 40-mile radius must complete the *Permission to Live off Campus Form* and bear the seal of the Notary. Forms are available online at www.alcorn.edu/students/residence-life.

2. ASSIGNMENT NOTIFICATIONS

3. CHANGES IN ASSIGNMENTS

- a. The Department of Residence Life will not discriminate in room assignments on the basis of race, creed, religion, national origin or disability.
- b. Room assignments will be made at the discretion of the University on the basis of the date to lease and application submission date. Whenever possible, individual roommate requests will be honored.
- c. The Department of Residence Life reserves the right to change room assignments for health, safety, repair service, economy or disciplinary reasons involving the residents or for irresolvable incompatibility of roommate.

- d. The Department of Residence Life reserves the right to consolidate vacancies by requiring any resident to move from a single occupancy of double rooms to double rooms.
- e. All residents must vacate his/her assigned room at the closing times established by the University at the end of each semester and the beginning of each vacation break period.
- f. Residents may not change room assignments without written approval from Residence Life Office.

4. ROOM CHANGES CONSOLIDATIONS

In order to stabilize residence hall occupancy, there will be no room changes processed until after the official close of the registration process, should space be available, room changes will be processed. More information will be posted at that time directing students about the process. A *Room Change Form* is required prior to moving. After the room change period ends, room changes will be granted only if there are extenuating circumstances. Unfinished or unauthorized room changes will result in a fine of no less than \$50 per day and the student may be required to move back into his/her original room. To complete a room change, students must officially check out of their old room and into their new room with a Residence Life staff member. (See appendix for Room Change Policy)

Consolidation Process

If one resident, occupying or having reserved a double room for any reason, vacates or fails to occupy his/her room, the remaining student must choose one of the following options:

- a. Move into another room being occupied by one resident.
- b. Permit another resident to be moved into his/her room.
- c. If space is available, remain as a single room occupant and pay the additional charge.

If a resident does not have a roommate after the first week, he/she will be assigned a roommate by the Residence Life Office. Which resident moves is based on contract date, **The first person contracted moves last.** Anytime a move is made, a *Room Change Form* must be completed in advance. These forms are available *ONLY* through the

Residence Life Office.

Consolidation is completed on a hall-wide basis. If there is an “odd person out” situation where one person is left without a roommate, there is no single room rate charged. If at any time, a resident is in a double room, without a roommate, refuses a roommate that is assigned or refuses to consolidate when an opening occurs, that resident will be charged at the single room rate from the time he/she became the sole occupant of room.

1. Contract Period

The period of the contract is an entire academic year, fall and spring terms. If the student signs a contract after the beginning of the semester, the charges will begin on the date he/she moves into the residence hall. All students living in the residence halls on the Lorman campus are required to participate in the meal plan. Students residing on the Natchez campus will not have a meal plan.

all residents are encouraged to keep a list of all serial numbers of any electronic devices. If anything is stolen, these serial numbers will help the University police track, identify, or recover these items.

6. Room Assignments

All room assignments are issued by the Residence Life Office.

8. Vacation Periods

*Housing will not be available during vacation periods or semester breaks. Closed periods are not included in the cost of housing. If the halls are open during a break, a per-night charge will be assessed. Ask your RCC if there are plans to have the halls open during the break. Please do this as far in advance as possible. If halls are open during the break there will be **NO VISITATION**. The halls close at a specific time for breaks. If you are not out by that time, you will be charged a \$75 late check-out fee and \$10 for each hour thereafter.*

E. HOME AWAY FROM HOME

A **\$150.00** fine will be levied per infraction.

Halogen lamps, lava lamps, propane, candle warmers/candles, oil lamps, burning incense, or any other open flame devices or combustible materials are not allowed in the dormitories. The use or

possession of fireworks, other explosives and potentially harmful chemicals is also prohibited. Individuals who violate this policy will be subject to disciplinary and/or legal action, which may result in dismissal from student housing.

19. Counseling and Referrals

The Counseling and Testing Center provides service to students who desire help. Other campus referrals are also important including tutoring, career counseling, academic advising and religious counseling. Students may call the Counseling and Testing Office at 601-877-6230 Monday - Friday between the hours of 8:00 am - 5:00 pm; after hours, call Campus Police at 601-877-3000.

20. Damages

Damages to student rooms are the responsibility of the occupant(s). All roommates will share damage charges equally unless the resident provides written notice to the Residential Community Coordinator of the student(s) responsible for the damage. Depending upon the nature of the damage (broken items, cleanliness, etc.), the resident(s) who occupy the room may face University judicial action in addition to damage charges and any labor charges incurred. To prevent misinterpretation, students should inspect their rooms thoroughly when completing the Room Inventory Form (RIF) upon taking occupancy of a room. This task should be taken seriously and accomplished in detail. Residents who wish to appeal charges placed on their student account may write a formal letter of appeal addressed to: ***Damage Appeal Process c/o Residence Life 1000 ASU Drive #60 Alcorn State, MS 39096.***

Damage appeals are investigated and reviewed on an ongoing basis by at least two members of the Residence Life staff. If a student finds another student or non-student dead in the residence hall, the student should call Campus Police at 601-877-3000 or 601-877-2291.

22. Decorations

Decorations can add immensely to making the residence hall more homelike and attractive. However, this added beauty and comfort can easily be destroyed or turn to tragedy by failure to recognize and take the necessary precautions to prevent potential hazards. No more than 20% of the door may be covered. ***Any decorating of public areas must be done in consultation with the RCC before beginning such projects. You must abide by the following guidelines in the interest of preventing fires and damaging facilities:***

- a. *String lights (electrical, battery operated, or LED) and Candles are not permitted in the residence halls.* The burning of candles and incense is prohibited. ***Decorative candles are not allowed.*** This is strictly enforced.
- b. You are responsible and will be charged for any decorations that stain, alter, or otherwise damage the room. This includes nail holes, decals and tape marks on the walls, door, floor, etc. All should be carefully removed at check-out time.
- c. Windows may not be decorated (including lining the windows with aluminum foil).
- d. Light fixtures (in public areas) and elevator buttons may not be covered at any time.

23. Dress Code

Alcorn State University prohibits bare feet, and/or swimwear in food service and classroom buildings except where appropriate. Attire will be governed by its appropriateness to the activity. In the residence hall, students are encouraged to dress appropriately due to visitation from members of the opposite sex. Specifically, upper and lower garments and footwear are required.

24. Drone Policy

Alcorn State University restricts the operation of drones for the purpose of this policy, a drone is defined as an unmanned aerial vehicle (UAV) or an unmanned aircraft system (UAS). This restriction applies to privately owned and business drones and is extended to any equipment affiliated with the drone. The operation of drones on the Alcorn State University campus is strictly prohibited and limited to those who have received prior approval from the Campus Police Department. Violators will be arrested, and the drone will be impounded. The safety and privacy of our students, faculty, staff, and visitors on our campus is our primary concern.

25. Electrical Appliances

The electrical systems in the residence halls are NOT designed to carry heavy loads of electrical equipment. Appliances that are permitted include microwaves (less than 1000 watts (traditional halls only), refrigerators (no more than 6 cubic feet (traditional halls only), coffeemakers with pods only and air popcorn poppers, hair dryers, electric shavers, radios, TVs and stereos. Microwaves are the only cooking appliance permitted for use in student rooms. No homemade electrical appliance will be permitted. Items that are NOT allowed include but are not limited to electric heaters open coiled coffeemakers, oil popcorn poppers, toaster ovens, Nu-Wave appliances, "George Foreman" or similar type grills, open coiled or open flame appliances, halogen lamps, oil lamps, crockpots, and convection ovens.

26. Electrical Outlets

Power strips with surge protectors are the only multi-outlet device allowed. Power strips with surge protectors protect electronics from occasional electrical surges. The University cannot accept responsibility for damage of electronics due to interruptions of utilities.

27. Elevators

Each resident is responsible for the proper use and care of residence hall

elevators. Residents are not to overload or force the doors of elevators. Unauthorized personnel are prohibited from entering the elevator shaft. Emergency call buttons are to be used only in case of an emergency. Elevator surfing is considered extremely dangerous. Students found tampering with, vandalizing, surfing or misusing the elevators are subject to judicial action with possible eviction from the residence halls.

28. Emergency Exit Doors

Any student found using the emergency exit doors will be fined a minimum of **\$150** for each violation.

29. Exterior Door Locking & Propping of Doors

All residence hall exterior doors are locked 24 hours a day. The decision to keep these doors locked is part of a commitment to provide greater security and safety for the residents of Alcorn State University. We believe that residents should have a choice to decide who enters their residence hall and when they may enter it. When doors are unlocked, propped or damaged, there is no control over who enters a residence hall. Additionally, your choice of who may be in your hall has been taken away. If exit doors are found propped opened continuously, the entire floor of which the exit door is propped opened will split the fine of \$200. Unfortunately, history has proven that not all residence hall visitors have friendly intentions. Please do not sacrifice the safety of yourself as well as your fellow residents. ***If you prop a door open; you are in violation of Residence Life policy and will be subject to disciplinary action.***

30. Facilities Management (Maintenance)

The Facilities Management Department coordinates the cleaning, upkeep and maintenance of the residence halls. Students should report maintenance problems such as broken windows, leaking water pipes, loose closet doors, and so on to the Residential Community Coordinator.

If a student is not present when the worker arrives, he/she will enter the room to make the necessary repair(s) and leave a notice indicating that he/she has been in the room. ***Emergency Maintenance*** - If an emergency maintenance arises, a request for service should be made to the Residential Community Coordinator. ***Repairs*** - Repairs to University property are done by trained professionals employed in the Facilities Management Department. Reports of necessary repairs should be in the Banner Online Services portal. If a repair has not been completed within a reasonable amount of time (72 hours excluding

weekends), contact the Residential Community Coordinator.

31. Failure to Comply

It is important that students comply with requests from University officials. Failure to comply with any reasonable and lawful request (verbal, written or other) of University officials acting in the performance of their official duties will result in judicial action. This includes failing to appear before any University hearing officer as summoned without proper excuse or justification as deemed by the University hearing officer.

Fire alarms have been installed throughout the residence halls for student safety. In the event that fire alarms should sound, students must leave the building immediately through the nearest exit. Become familiar with the evacuation diagram located on each hallway. Residents are instructed to remain outside of the building until the Fire Department gives the order that the building is safe, and residents may return to their rooms.

Residents who remain in the residence halls after an alarm has sounded are subject to a \$250 fine per offense and/or University judicial action. Intentionally causing a false alarm is considered a serious infraction and will be dealt with accordingly. Smoking, cooking and aerosol sprayed near smoke detectors or sprinklers may result in an accidental false fire alarm. An intentional false fire alarm may result in arrest, University disciplinary action and loss of housing.

34. Fire Fighting Equipment and Safety

Fire extinguishers and smoke detectors are placed in the student apartment for your protection against fires. It is against the law to use them for any other purpose. If it is determined that tampering has occurred, disciplinary action will be taken which may include, but may not be limited to, monetary fines. Residents discharging fire extinguishers or tampering with smoke detectors is subject to serious disciplinary action by the University.

35. Fire Drills

It is the University's policy that each building will hold a fire drill twice a year. When an alarm is pulled, the student must evacuate the building without exception. The purpose of the drills is to make students aware of the fire procedures and fire escape routes.

36. Fire Extinguishers

Fire extinguishers are located on each floor of the residence halls. *Class ABC* fire extinguishers may be used on trash, wood, paper, liquids and grease electrical equipment in the residence halls. ***Always have an escape route.*** To use a *Class ABC* fire extinguisher, do the following:

- a. Pull the pin; hold unit up-right, free hose, and stand back eight feet

- c. Close the room door and lock it
- d. Walk quietly and quickly to the nearest exit; do not use the elevator
- e. Once outside, go to the designated waiting area

f. Remain outside until the signal is given by building staff to return to your room

Students must obey all fire regulations. **Failure to evacuate a hall when an alarm sound**

represents grounds for a fine and/or disciplinary action. Residence Life staff and the University Police reserve the right to enter student's rooms to locate the source of the problem and to ensure that everyone has evacuated the building. If a fire starts in the room, call the Residential Community Coordinator.

REMEMBER: Always Try To Remain Calm. Never Re-Enter A Burning Building To Try To Save Your Personal Possessions. Do Not Use Elevators.

38. Gambling

Gambling is not allowed in the residence halls or any other areas of the campus. This includes but is not limited to betting pools, brackets of any kind, dominoes and card games (where money changes hands).

39. Garbage Disposal

All garbage should be placed in plastic bags, tied securely, and placed inside the trash chute. Garbage should never be placed in hallways or beside the trash chute even temporarily. Garbage left outside the containers invites roaches, rodents and other animals. Residents are responsible for keeping the grounds clean by making sure that trash is placed in the dumpster. If garbage is found in unauthorized places and the student responsible is identified, he or she will be subject to fines and judicial action.

40. Hall and Floor Meetings

During the semester the need may arise to gather all the residents together to cover various topics. Residents are encouraged to attend.

41. Hall Sports

In order to maintain an environment that is conducive to study, sports are not to be played in residence hall areas. This includes basketball, football, soccer, Frisbee, water fights, tag, chase, golfing, wrestling, skateboarding, skating or rollerblading. Students are encouraged to enjoy these activities outdoors, at E.E. Simmons Gymnasium, or through organized intramural activities.

42. Harm to Self

No student shall cause physical harm or threaten to cause physical harm

to himself/herself, nor shall any student take any action that creates danger to his/her own health, safety or personal well-being. Possible sanctions for these infractions could be counseling services either on or off campus. Documentation of services will be required for continuation of residence.

43. Harassment

Harassment is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively affect another resident's ability to reside in student housing. This would include harassment based on any of the legally protected characteristics, such as sex, race, color, national origin, religion, age, height, weight, marital status or disability. This policy, however, is not limited to these legal categories and includes any proper harassment that would negatively impact a resident. This would include such activities as stalking and unwelcome taunting, teasing, or intimidation.

44. Hazardous Activities/Games

Bicycle riding, skate boarding, and roller-skating are prohibited in hallways, stairwells and other common areas. Because of potential danger to both persons and property, **darts and dartboards** are prohibited in the residence halls. Velcro "darts" are allowed.

45. Health and Safety Inspections

Residence Life staff will conduct health and safety inspections bi-weekly. During these inspections, eliminating safety hazards is of the utmost importance. Keep in mind that the possession of candles, extension cords, cooking devices, halogen lamps, weapons, and so on in rooms is a violation of University policy and are a safety risk. Students disregarding the safety of the community will be judicially sanctioned. This may include stiff fines, community service and/or expulsion from the residence halls. It is important that a reasonable level of cleanliness be maintained in the residence hall areas. If it is determined that a room or suite poses a safety hazard because it is unacceptably dirty and/or unhealthy, the students will be charged a minimum of **\$50**. Should the facility remain unacceptable after 24 hours, the charge will increase. See appendix for detailed cleaning instructions.

46. Heating and Air Conditioning System

The heating and air conditioning system in the residence halls heat and cool the buildings; however, problems arise occasionally during the "in-

between" seasons. The system used in the residence halls allows three options: cooling, heating, or off. Heating and cooling systems cannot operate simultaneously (as in our homes). Changing from one system to the other is an involved process. Residence Life and Facilities Management monitors weather patterns in an effort to determine when the weather has stabilized to the point where heating/air conditioning systems can be interchanged.

47. Hover Boards

In light of the U.S. Consumer Product Safety Commission's continued investigation into hover boards, Alcorn State University has adopted the following policy effective immediately. The use of hover boards is prohibited on the Lorman, Natchez, and Vicksburg campuses of Alcorn State University. This prohibition covers all streets, sidewalks, buildings, and grounds belonging to or under the auspices of Alcorn State University at the aforementioned locations. Violators are subject to disciplinary sanctions and/or citations.

48. Identification Cards

Identity of residence hall students is easily established by means of an ASU Gold Card. For security reasons the RA, RCC or other Residence Life staff member will routinely ask residents entering the building to show their ID card. ASU Gold Cards are not transferable. Students may not lend their ID to another student for any purpose including but not limited to entry into a building, misrepresentation of age, purchase of meals, vending items, or other goods that may be charged to the ASU Gold Card. False ID cards will be confiscated and turned over to the University police.

49. Implied Consent

Students are responsible for all activities that occur in their residence hall room. By allowing the existence of behaviors or items that violate Residence Life or University policy, students demonstrate an implied consent for the violations. As a result, students are responsible for taking an active role in ensuring that inappropriate behaviors or items do not exist in the residence hall room. Residents should report behaviors or items that violate residence hall or University policy to a staff member. Passive participation in events that violate University or Residence Life policy will be viewed as a policy violation.

50. Keys

Students residing in residence halls are issued a key at the time of check

in. The responsibility for the safekeeping of the key falls upon the student. Should a key be lost, the student should contact their RCC immediately. The cost to replace a lost key is \$40 for Traditional Halls and \$120.00 for MWEHV. The student will need to pay for a replacement key at the Business Office located on the 2nd floor of the Walter Washington Administration Building. Once the payment is made, the resident will need to email a copy of the receipt to housing@alcorn.edu. Once this occurs a lock change will be submitted to the University locksmith. The hall staff will inform the resident once they have received the new key for that room. University keys cannot be duplicated. In addition, due to fire codes the addition of locks on doors is not allowed.

51. Kitchen (Student Nursing Hall Only)

The Student Nursing Hall has a kitchen facility, which may be used to prepare snacks and meals. Each resident who uses the kitchen facility shares in the responsibility of washing dishes, utensils, and keeping the counters, floor, stove, sink, and refrigerator clean. Problems of shared cleaning responsibility may result in the temporary closing of kitchen areas and fines. If the kitchen is found uncleaned continuously without hall staff being aware of the responsible resident, the entire residence hall will be fined a minimum of \$25 each. See hall staff for detailed kitchen use guidelines and procedures. Any food kept in the residence hall kitchen must be stored in appropriate, tightly closed containers. All food should be removed from the kitchen refrigerator during official vacation periods such as semester and Spring Break. All spills must be cleaned as soon as happen.

52. Lockouts

The Residential Community Coordinator is expected to open doors **(during Office Hours Only)** for students who are locked out of their rooms. Office hours are **Monday through Thursday** (8:00a- 11:45p), **Friday** (8:00a- 12:45p), and **Saturday** (1:00p-12:45p) and **Sunday** (1:00p- 11:45p). There will be a fee of **\$15 per door** assessed for each lockout.

53. Meal Plans

All residential students assigned to the main campus are required to purchase a meal plan.

54. Noise Control

An atmosphere conducive to sleep and study must be maintained in on-campus housing at all times. All visitors are expected to respect both courtesy and quiet hour policies as set forth in the *Residence Hall Handbook*. Courtesy hours are 24 hours a day. Quiet hours are defined as noise that does not permeate from the student's room. Quiet hours are in effect from 10:00 p.m. to 8:00 a.m. Sunday through Thursday. On Friday and Saturday, quiet hours are from 11:00 p.m. until 10:00 a.m. Extended or 24-hour quiet hours will begin the Sunday evening of the last week of classes preceding final exams. Students are expected to adhere to the following:

- a. Unruly behavior of any type is not permitted in a student's room.
- b. Radios, televisions, and stereos may be played at a comfortable volume of thirty (30)
- c. The volume must not filter or disturb persons in other rooms. Students who violate the *Noise* Radios, televisions, and stereos may be played at a comfortable volume of thirty (30) decibels while the entry door is fully closed. This loudness level is comparable to conversational speech.
- d. If counseling fails to correct the situation, the student will be subject to disciplinary action. Students who do not adhere to the noise control policy will be issued a *Student Conduct Warning Ticket* and a fine assessed to their student account. Any repeated violations will result in disciplinary action and housing privileges suspended.

55. Nuisance Phone Calls

Occasionally students receive nuisance telephone calls. If you receive any such calls, report them immediately to your Resident Assistant. Also, keep a phone log of the date, time and type of call (hang-up, vulgar, etc.), as well as anything you may be able to tell about the caller's voice.

56. Overnight Guest Policy

In an effort to promote and maintain Social Distance within the respective residence halls, all overnight guest will be prohibited this 2022/23 Academic Year. Residents found in violation of this policy, will be subject to fines and possible eviction.

57. Personal Property and Theft

The University assumes no liability for damage or loss of personal

property. This includes but is not limited to interruption of utilities, power surges, flooding, fire, theft, vandalism, and/or student misconduct. Students are encouraged to check family homeowners' insurance for coverage. The University is not responsible for personal property that is lost, stolen, or damaged. Thus, a resident should not keep large sums of money and other valuables in his/her room. The University is not responsible for items lost or stolen in residence halls during semester breaks or between semesters. The best guard against property loss is to keep the room locked. Report all losses to the Residential Community Coordinator and Campus Police. Residents are requested to provide their own personal property insurance. Information on insurance may be obtained from the Residence Life Office. It is requested that radios, computers, stereos and televisions be registered with the Residential Community Coordinator and with the Campus Police Department. ***In addition, it is highly recommended that the student purchase property insurance to cover any loss that may occur.***

58. Personal Safety

Students are expected to behave in such a way as to not endanger them or place others at risk.

For this reason, the following activities are strictly prohibited:

- a. Leaving items in hallways and/or stairwells
- b. Propping open exterior doors
- c. Throwing things out of windows

Students violating these restrictions as well as other activities deemed dangerous will be sanctioned. This may include dismissal from University housing without release from the full financial obligation of housing fees as identified in the housing contract.

59. Pest Control

Residence halls are serviced monthly by an extermination contractor engaged by the University. Residents can assist in this effort to discourage pest problems by adhering to sensible cleaning practices. Residents may

be asked to clear closets, remove dresser drawers, cover food items, or assist in other ways the University deems necessary to facilitate an effective pest control program. Special treatments occur over breaks in student rooms and public areas. This is done to inconvenience as few residents as possible while maintaining pest control. If pest problems occur, please notify the Residential Community Coordinator.

60. Pets in Residence Halls

Pets, including but not limited to, dogs, cats, hamsters, snakes, birds, rabbits, turtles, fish, and so on are not permitted in University housing facilities; unless approved by the Director of Residence Life and the ASU Health Center. Students have an expectation of privacy. Throughout the year, there will be regularly scheduled inspections of each room, apartment and common area. General conditions, cleanliness, maintenance needs, health and safety questions will be noted. Repairs and preventive maintenance is completed as necessary on a continuing basis. If there is evidence of damage due to vandalism or neglect, the repairs will be made, and the residents will be charged to recover costs. The University reserves the right to enter a student's room or apartment for administrative, safety and regulatory purposes. Typically, a student's room may be entered with the consent of the resident or under the following circumstances.

- a. *Physical Maintenance* – For purposes of safety, sanitation and general upkeep, the University reserves the right to enter a student's room at any time during the working day for the above purposes, whether a resident is present or not. In cases of emergency, rooms may be entered in the presence or absence of the residents, at times other than regular working hours. Between semesters residence hall rooms are exclusively under the control of Residence Life and not of the student, even though the student plans to return to the same room the following semester. During these periods, the University reserves the right to inspect, maintain and make repairs in the residence hall rooms. Further, the University reserves the right to replace damaged or obsolete furniture and to remove from the room without the owner's permission any objects or materials, which constitute a safety or sanitation, hazard, or are property of the University at the time. Between semesters when maintenance staff is inspecting, cleaning and repairing rooms, the University shall exercise reasonable care with respect to protecting against the loss or theft of personal equipment belonging to the student. Roommate Conflict Policy

Successful roommate relationships depend on understanding different lifestyles and respecting the rights of others. Building relationships takes time, patience, and compromises along the way. The key to living with others is communication. Even when it is uncomfortable, roommates must be willing to talk to each other.

If a roommate disagreement or conflict arises in a room, we ask that you go through the following procedures before requesting a room change. Space is very limited on campus, and we ask that you try to discuss your problems and concerns, as a room change may not be an immediate option.

If you are having difficulties in your room and/or with your roommate, we encourage you to first discuss the issue with your roommate directly. Many times the roommate is not aware that there is a problem. If you and your roommate cannot resolve the issue on your own, you may approach your Resident Assistant (RA) to discuss having roommate mediation. During this mediation, the Resident Assistant will review the roommate contract and revise/make changes that all parties are in agreement with.

If the Resident Assistant cannot successfully mediate the situation or assist in solving the conflict, you will schedule a meeting with your Area Coordinator (AC).

Roommate Conflict Policy a Step-by-Step Guide

In the event you find your roommate incompatible, please follow the list of steps below:

- Talk to your roommate. Open communication is key, and this first step may solve the issue.
- Contact your Resident Assistant (RA). Your Resident Assistant will schedule a meeting with all roommates in the room.
- During the meeting, the RA will review and revise the roommate agreement. Throughout this process, the RA will offer advice on how to improve the living situation.
- The RA will check in with all students two days after the mediation has occurred. If the conflict persists, the Resident Assistant will refer you to meet with your Residence Hall Manager/Area Coordinator.
- The Area Coordinator will meet with all residents and mediate a discussion that focuses on the conflicts occurring in the room.
- If a situation is deemed irresolvable by the Area Coordinator and/or the resident have not complied with the outlined guidelines of the Roommate Agreement, then a resident(s) may be directed to complete a Room Change Request form.

Please note: The Office of Residence Life retains the right to move a student or group of students at any time, if it is found that a conflict cannot be resolved.

The ultimate goal is to have a successful discussion with the concerned resident and respective roommates in which a roommate agreement is formed. All residents must abide by the stipulations of the agreement, which in turn leads to a more positive living experience.

Managing Roommate Conflict

If you find yourself involved in a roommate conflict, here are some tips to help you address the situation:

- Do not become too dependent on your roommate for friendship. It is healthy and natural to develop good friendships with people who you do not live with. It is okay to not be best friends with your roommate, as long as there is mutual respect.
- Talk to your roommate directly and deal with issues as they arise. It is much more effective to assert yourself as things happen, rather than to let several small issues build up over time, and eventually explode. Create an open line of communication so that all roommates feel comfortable expressing their feelings.
- Talk honestly and directly. Level with each other. For example, "When you do X in situation Y, I feel Z." Be honest about your needs, thoughts and feelings.
- Validate others' positions. Try to understand other points of view even when they differ from your own. For example, "I understand how you might feel that way, but..."
- Attack problems, not each other. Come to an agreement on what the conflict is and what a solution may be. Make a plan of action, and set a future time to evaluate the situation.
- Use "I" statements to express your thoughts/feelings. For example, "I felt left out" sounds very different from "You never spend any time with me."
- Try not to involve your neighbors or mutual friends in your conflict. This can aggravate the conflict and complicate the situation.
- Avoid direct or indirect posting on social media. This often results in feelings getting hurt, and can escalate a situation that could have been resolved.
- If you find you cannot resolve a conflict on your own, seek out your RA. It can help to have an objective party to help talk things out.

Most importantly, always remember that none of us are perfect. If problems develop that you cannot solve on your own, there are people trained to help mediate these

conflicts. Since room changes are not always an available solution, always seek out a professional to help navigate through a conflict.

Room Change Policy

If a resident would like to change rooms, they must submit a Room Change Request Form.

Once a student submits a room change request form to the Residence Life Office, the request will be reviewed by the Area Coordinator.

- Room changes may not be accepted within the first two months of the fall or spring semesters, allowing our staff to check in students and determine if there are available spaces.
- If a room change can be granted, and an offer is made, a student has 2 hours to accept or decline the offer. If accepted, students then have approximately 6 hours to move to their new assignment.
- If a room change cannot be granted due to space not being available, the room change request will continue to be reviewed weekly to see if space has become available.
- Unauthorized room changes are considered a violation of the Residence Life policy, and may result in a student being fined, housing privileges revoked or going through the Judicial Affairs process.

Note: Single spaces are always extremely limited in availability.

Rooms with Vacancies

All vacancies are considered as available space by the University and must be accessible to other students looking to change rooms or for emergency purposes.

Please note:

- All furniture including the bed, desk, wardrobe, and closet must be left assembled, set up, and empty in the room so that another student can easily move into the space.

- If you fail to comply or obstruct this process in any way, you will be held accountable.
