## Note to Student Employees

Thank you for choosing to be a part of the Alcorn State University Student Employment Program. We are excited to have you on board and look forward to supporting your growth both academically and professionally.

The Student Employment Center (SEC) is here to help you gain meaningful work experience while pursuing your education. On-campus jobs offer more than just extra income—they provide an opportunity to develop practical skills, build your resume, and prepare for your future career.

Studies show that students who work on campus tend to perform better academically, stay enrolled through graduation, and complete their degrees in a shorter amount of time. Working in a professional setting with supportive supervisors also helps you build essential skills like time management, communication, and leadership.

As a student employee, you are expected to follow the policies and procedures outlined by the university. The Student Employment Handbook will help guide you through your responsibilities, rights, and the expectations that come with your position. Please read it carefully to understand what is required of you.

Remember, student employment at Alcorn State University is considered "at-will," meaning your employment may be ended at any time, with or without cause or notice. It is important to always conduct yourself professionally and in alignment with the Alcorn State University Student Conduct Code.

We hope your student employment experience will be a valuable part of your journey at Alcorn State University.

In exchange, student employees contribute to the successful operation of Alcorn State University. Students hold jobs in almost every area of college life thereby supplying a valuable workforce resource for departments, many of which rely heavily on student employees.

The Student Employment Handbook does not constitute a contract between Alcorn State University and its employees, but employees are expected to become familiar with its contents and to comply with the policies and procedures contained therein.

## **Alcorn State University Commitment to Equal Opportunity**

Alcorn State University is firmly committed to providing a respectful and supportive workplace. We aim to cultivate an environment where all individuals feel welcomed, valued, and empowered to share their concerns and contribute to the success of the university.

In accordance with our values and applicable laws, no individual shall be excluded from employment, participation, or be subjected to discrimination based on race, color, creed, religion, age, sex, national origin, political affiliation, or physical disability—except in cases where age or physical disability constitutes a bona fide occupational qualification. The university is dedicated to ensuring fair and respectful treatment for all members of our campus community.

### **Discrimination**

Alcorn State University is committed to creating and sustaining a productive, collaborative, and safe work environment. If an employee has knowledge of an action taken by an employee of the University that conflicts with or is in violation of policies, he/she should act on that knowledge and contact the proper University official.

It is the policy of Alcorn State University to provide equal employment opportunity (EEO) to all persons regardless of age, color, national origin, citizenship status, physical or mental disability, race, religion, creed, gender, sex, sexual orientation, gender identity and/or expression, genetic information, marital status, status with regard to public assistance, veteran status, or any other characteristic protected by federal, state or local law. In addition, the University will provide reasonable accommodation for qualified individuals with disabilities. Further, the University will not tolerate harassment/sexual harassment. This policy applies to all employees regardless of position, consultants, and applicants for employment. Additionally, it is the responsibility of all persons making employment decisions on behalf of the University to support this policy. To realize the declarations set forth above, Alcorn State University will, in all solicitations and advertisements for employment vacancies placed by or on behalf of the University, state its position as an equal opportunity employer.

## **Harassment**

### **Prohibited Discrimination and Harassment**

Harassment—whether verbal, physical, or visual—that is based on an individual’s protected characteristics is a form of unlawful discrimination. This includes any behavior that affects tangible employment or academic benefits, unreasonably interferes with an individual’s work or academic performance, or creates an environment that a reasonable person would consider intimidating, hostile, or offensive.

Sex-based discrimination is strictly prohibited and includes all forms of sexual harassment and sexual violence.

**Examples of prohibited discriminatory or harassing behavior include, but are not limited to:**

- Refusing to hire, promote, or provide opportunities based on a person's protected status
- Demoting or terminating an individual because of their protected status
- Making jokes, slurs, or derogatory comments related to a person's protected characteristics
- Engaging in teasing or practical jokes that target an individual's protected status
- Displaying or sharing written materials, images, or symbols that demean a person or group
- Using verbal insults or abusive language directed at, or made in the presence of, individuals belonging to a protected group

Alcorn State University is committed to maintaining an environment free from discrimination and harassment, where all individuals are treated with dignity and respect.

### **Complaints of Discrimination and/or Harassment**

Formal complaints of discrimination or harassment are handled through a designated complaint resolution process. To initiate a formal complaint, employees must complete and submit the **Discrimination/Harassment Complaint Form**, which is available on the Human Resources webpage at:

<https://www.alcorn.edu/offices/finance-and-administration/human-resources/hr-forms>

Complaints must be filed within **ten (10) calendar days** from the date the employee first became aware, or reasonably should have become aware, of the action or decision that is the subject of the complaint. Prior to filing a formal complaint, employees are encouraged to discuss their concerns with the lowest-level administrator who has the authority to address the issue.

For complaints specifically related to **sexual misconduct**, employees should follow the procedures outlined in the University's **Discrimination, Harassment, and Retaliation Policy**, available on the Human Resources Employment Administration webpage at: <http://www.alcorn.edu/offices/finance/human-resources/employment-administration>.

### **Title IX**

It is the policy of Alcorn State University to comply with Title IX of the Education Amendments of 1972, which prohibits discrimination (including sexual harassment and sexual violence), based on sex, in the University's educational programs and activities. Title IX also prohibits retaliation for asserting or otherwise participating in claims of sex discrimination.

Complaints of alleged Title IX violations may also be filed with the Department of Education's Office of Civil Rights at [www.ed.gov/about/offices/list/ocr/complaintintro.html](http://www.ed.gov/about/offices/list/ocr/complaintintro.html) or by calling 800-421-3481.

## **Accommodation of Disabilities and Pregnancy**

### **Commitment to Accessibility and Reasonable Accommodation**

Alcorn State University is dedicated to maintaining a safe and supportive environment that protects the health, welfare, and safety of all employees, students, and visitors. As part of this commitment, the University provides reasonable accommodations to individuals with disabilities, in accordance with the **Americans with Disabilities Act (ADA)** and the **ADA Amendments Act of 2008**. These federal laws prohibit discrimination and ensure equal access to employment, public accommodations, government services, and telecommunications for individuals with disabilities.

### **Employees and Job Applicants with Disabilities**

## Workers' Compensation

Alcorn State University provides worker's compensation coverage under a self-insurance program, in accordance with Mississippi law. The cost of workers' compensation insurance is borne entirely by the University.

Workers' Compensation provides for payment for injuries and loss of time from work when employees become disabled because of job-related injuries. A Workers' Compensation Injury Report Packet is required to determine eligibility for benefits. The packet includes the following forms:

1. MWCC – Workers' Compensation – First Report of Injury or Illness with Instructions
2. Job Description Form
3. Statement of Claimant
4. Supervisor's Workplace Investigation Report
5. Authorization for Release of Health Information

These forms must be received by the Workers' Compensation Commission within ten (10) days after the first day of injury or illness. The packet is available on the Human Resources website and within the Human Resources office. Mississippi Law provides for a penalty of up to \$100 for each late report or late filing. The individual responsible for any late filing of the forms will be held liable for any penalty assessed by the Mississippi Workers' Compensation Commission.

To assist employees, supervisors, and department heads in avoiding any personal liability for this penalty, the following schedule is established for reporting work-related injuries:

- Employees are to report work-related injuries to their supervisor as soon as possible, but no later than 24 hours after the injury or illness, excluding weekends.
- The injured employee shall complete the Statement of Claimant and the Authorization for Release of Health Information forms and submit it to his/her department head or designee.
- Department heads or their delegate shall complete the MWCC – Workers' Compensation – First Report of Injury or Illness and the Job Description Form. These forms and those completed by the injured employee or student worker will be forwarded to the Office of Human Resources within 48 hours of the accident, excluding weekends.
- The Office of Human Resources will submit the forms to the University's workers' compensation insurance carrier, who will then forward information to the Mississippi Worker's Compensation Commission.

Students employed through this program are classified as **part-time student employees** and are **not** considered Federal Work-Study participants.

## **Terms and Conditions of Employment**

### **Student Employment & Work-study Eligibility**

Work-study students are limited to holding **one position** and may not exceed an **average of 20 hours per week** while employed under the Federal Work-Study program.

This same limitation applies to **all student employees**, including work-study students, graduate assistants, research assistants, and other part-time student workers at Alcorn State University. Students may not hold more than one job or exceed an average of 20 hours per week in their student employment status.

Student employment positions are designated specifically for students and are **not** to be used to fill **budgeted university staff positions**.

Student employees are expected to prioritize their academic responsibilities. Therefore, **students should not work during scheduled class hours**.

To be eligible for student employment, a student must be enrolled in a minimum of **three (3) credit hours** during the academic term of employment.

### **Equal Employment Opportunity**

Student employees are hired without regard to race, color, religion, sex, national origin, disability, age, genetic information, or veteran status. Alcorn State University also upholds a commitment to providing a workplace free from discrimination based on sexual orientation, gender identity, or gender expression.

### **Summer Employment Eligibility**

Current Alcorn State University students who wish to work during summer do not have to be enrolled in any classes in the summer but must be registered or plan to attend the following fall/spring semester. During the summer employment term, FICA tax will be withheld for students enrolled less than half time.

### **Graduated Students**

Students who have graduated from Alcorn State University (completed study and are no longer enrolled) may not continue working as a student employee; all student jobs will be terminated for all graduates based on the official list from the Registrar's office.

## **Hourly Wage and Work Hours Policy for Student Employees**

### **Hourly Wage**

Supervisors are responsible for verifying available funding for student wages with their department's budget office before hiring or assigning hours to any student employee.

### **Work Hours**

Student workers—including those in the Federal Work-Study Program, graduate assistants, research assistants, and other part-time student employees—are classified as part-time employees of Alcorn State University. They may not hold more than one student position and are limited to **an average of 20 hours per week** during the academic term.

### **Break Periods and Extended Hours**

During official university breaks (e.g., spring break, winter break, and summer), both domestic and international students may work up to **29 hours per week**, provided that:

- The additional hours are **pre-approved** by the department supervisor in advance.
- The work schedule complies with university and employment guidelines.

### **Overtime Policy**

If a student exceeds **40 hours in any given week**, the department is financially responsible for paying overtime at **1.5 times the regular hourly wage**. Departments must carefully monitor work hours to ensure compliance. Repeated violations may result in the department being **reviewed** and potentially **restricted from participating** in the student employment program.

### **Timesheet Compliance**

Supervisors are responsible for educating student employees on the importance of submitting timesheets by the designated payroll deadlines. Late submissions result in errors reported for the Financial Aid and Payroll offices and can negatively impact departmental records.

### **International Student Employees**

In compliance with U.S. immigration regulations, **international students on F-1 or J-1 visas are limited to working no more than 20 hours per week** while classes are in session (Sunday through Saturday). This 20-hour limit includes **all employment**—both **hourly and stipend-based positions**, regardless of whether time is reported on a timesheet.

**Exceeding this limit constitutes a violation of immigration status** and may have serious consequences. It is the responsibility of both the student and the hiring department to ensure compliance with these regulations.

### **Recording Time Worked**

The student payroll schedule is available on the **Student Employment Center** webpage. All student employees must complete their timesheets through banner online accurately and submit them to their hiring manager **on the last day of the pay period** for verification.

Failure to submit or approve timesheets on time may result in **delayed payment**.

### **Receiving Pay**

Alcorn State University has partnered with **BankMobile** to provide students with convenient options for receiving their pay. Students may choose from the following:

- **BankMobile Vibe Account**
- **Direct Deposit** to a personal checking or savings account

To select a payment method, students must visit:

[www.refundselection.com](http://www.refundselection.com)

## Finding a Student Job

Student employment opportunities are available online through Alcorn State University's **PeopleAdmin Job Opportunities Portal**: <https://jobopps.alcorn.edu/hr/sessions/new>

Department supervisors must notify the **Student Employment Center (SEC)** of vacant student positions by completing the **requisition process** in the PeopleAdmin system.

## Application and Interview Process

- All student employment applications must be submitted **online** via the PeopleAdmin job portal.
- Applications are automatically routed to the **supervisor** of the hiring department that submitted the job requisition.
- The SEC does **not** accept or process paper applications.

Supervisors are responsible for conducting **professional and consistent interviews** when selecting student employees. To ensure fairness and compliance with university policy, the **same interview questions and procedures** must be applied to all candidates.

## Hiring and Onboarding Process

Once a supervisor has selected a student employee candidate, they must complete the **Hiring Proposal** in the **PeopleAdmin** system.

The **Student Employment Center (SEC)** will then send an offer letter to the selected student via email with details regarding their **offer letter** and **official start date**.

Before beginning work, the student must:

- Complete the **Student Employment Packet available online**
- Submit the completed packet along with the **required documents** listed below

All required forms and documentation must be submitted **prior to the student's first day of employment**.

## Social Security Card and Hiring Process for International Students

Once an international student receives their **Social Security card** by mail, they must present the **original document** to both the **Student Employment Center** and their **Designated School Official (DSO)** for verification.

After all required documents have been completed, submitted, and verified, the **supervisor must initiate an EPAF (Electronic Personnel Action Form)** to begin the hiring process.

**Please note:** EPAFs will **not be approved** until the student employment packet is fully completed, including **all required signatures and supporting documentation**.

## Tax Guidance for Student Employees

The **Student Employment Center** strongly encourages all student employees to consult with a **tax specialist or accountant** when completing their **W-4 form**, as students are personally responsible for any resulting tax liability.

At the end of the calendar year, students will receive a **W-2 form** from Alcorn State University. It is the **student's responsibility** to file both **federal and state income taxes** in accordance with U.S. tax laws.

Please note that **Alcorn State University is not liable** for any tax obligations incurred by student employees.

## Ending Employment and Separation/Termination

Alcorn State University operates as an **"At-Will" Employer**, meaning that employment is not guaranteed for any fixed period. As an "At-Will" employer, either the university or the employee may terminate the employment relationship at any time, for any reason—whether "good cause," "bad cause," or no cause at all.

As a matter of professional conduct, students who wish to leave their current position with the intent to seek other campus employment are encouraged to provide their supervisor with at least a **one-week notice**. This allows for a smooth transition and respects the work environment.

Supervisors are responsible for completing and submitting the **Job Separation/Termination Form** to the **Financial Aid, Student Employment Center (SEC)**, and **Payroll Offices** in order to officially end the student's employment in the system.

Please note, the **Student Employment Center** and **Payroll Office** are not responsible for assisting students in finding new employment after they voluntarily resign from their position.

## Warnings and Termination Procedures

Absenteeism or poor job performance are serious issues that must be addressed promptly. While legitimate reasons for absences may arise, students are responsible for communicating with their supervisor in advance when possible. Supervisors are required to provide feedback to student employees about their performance, offering them opportunities to improve.

**Student Evaluation Forms** should be completed at the end of each semester to assess the student's work performance. The original evaluation form should be submitted to the **Human Resources Office** for placement in the student's personnel file.

## Training and Feedback

Effective training is essential to prevent misunderstandings and to clearly communicate job expectations. It also provides supervisors with an opportunity to outline the objectives and responsibilities of the position. Regular, constructive feedback allows student employees to understand their performance, ask questions, and respond to supervisor input.

Open communication fosters a more engaging and rewarding work experience, while also promoting professional growth. Supervisors are encouraged to recognize students' potential by gradually introducing new responsibilities as appropriate. Whether offering positive reinforcement for a job well done or providing guidance for improvement, timely feedback is key to maintaining motivation and supporting student success in the workplace.

## **Compliance with FLSA - Consequences for Misuse of Student Employment**

All supervisors are required to comply with the Fair Labor Standards Act (FLSA) (29 U.S.C. § 201 et seq.) and other applicable federal labor laws that govern student employment. The FLSA sets standards for wages, hours worked, and working conditions to ensure student employees are not subjected to unfair labor practices.

Any repeated violations of student employment regulations—such as assigning tasks beyond the job description, scheduling hours that exceed permissible limits, or otherwise disregarding FLSA guidelines—will result in removal from student employment opportunities at the university, pending investigation. This is essential to ensure compliance with labor laws and protect the rights of student employees. We appreciate your cooperation in maintaining a fair, compliant, and supportive work environment for all students.
